WASHINGTON BEEHIVE OF G. O. P. ACTIVITY

Republican and Progressive Senators to Re-Organize Campaign Committee

COMMITTEE APPOINTED

Committee of Five Will Arrange Joint Caucus Soon to Clear Away Party Difficulties

GENUINE EFFORT TO RE-UNITE

WASHINGTON, MAY 22.—With Republican senators uringing a joint senate and house caucus for immediate re-organization of the congress campaign committee to seek the reclamation of Republican power in congress next year; with Progressive Republicans conferring on plans of reconciliation of divided party and members of the national executive committee assemblying for a meeting here Saturday, Washington to day became a bee-hive of Republican activity.

Most significant of recent party developments was the conference of Republican and Progressive senators to day to institute re-organization of the congressional campaign committee which house leaders futilely have attempted for weeks. Thirty one senators attended the conference and with almost unanimous approval, a committee of five was appointed to confer with house leaders with a view to holding a joint caucus as soon as possible to clear away the party difficulties.

Personnel of Committee.

Leaders pointed to the personnel of this consulting committee as an indication of the genuine effort being made to re-unite the party, its members consisting of prograssives and regulars as well. The committee members are Sentaors Gallinger, Townsend, Clark, of Wyoming, Norris and Jones. These five will consult with the house Republicans and expect to find no opposition for a joint caucus, the house republicans having found trouble already in trying to re-organize the congressional committee to choose the successor to William B. McKinley as chairman.

Representative Gardner of Massachusetts recently announced his candidacy for the chairmanship on a liberal policy and an attempt of his champions to hold a caucus failed to bring out a quorum. Since then nothing has been done and the senators hope to bring about the definite action.

The conciliators appointed as a result of the Chicago Progressive Republican conference a few weeks ago have been called to meet with Senator Cummins tomorrow to plan for presentation of their plan to the national executive committee called to meet Saturday by Chairman Hilles. The members of the conciliation committee are Senators Cummins, Crawford and oJnes; Representatives Cramton, Michigan; Rogers, Massachusetts; Anderson, Minnesota an former Governor Hadley of Missouri.

The conference will outline to the executive committee the desires of the Progressive Republicans for a party convention this fall to re-organize the party and reform its machinery relating to the selection of delegates and conduct of contests.

Sherman Introduces Bill.

In the line with these ideas, Senator Sherman of Illinois to day introduced in the senate a bill which would provide that delegates to national conventions of all political parties be elected at primaries. Under its terms the delegates would be chosen according to the vote cast at the preceding election for candidates of the respective parties and state primary laws would govern.

A policy such as this will be urged by the liberal leaders before the national convention which they believe will be called by the national committee. There expect the executive committee Saturday to call a meeting of the executive committee to consider the plan. Among the members of the executive committee are Roy O. West, Illinois; Charles D. Hilles, ex-officio chairman of the national committee and John T. Adams of Iowa.

The Progressive wing of the party favors a convention for re-arrangement of the apportionment with a view to strengthening the apportionment among Republican states. A proposition is urged to either arbitrarily increase the representation in the northern or reduce the representation in the southern states.

Conventions at Same Time

The bill introduced by Senator Sherman provides that all parties shall hold their national conventions simultaneously beginning on the third Monday in June; that delegates and alternates be chosen by popular vote; that there shall be one delegate and one alternate for each congressman and each senator and two delegates and alternates for each congressman at large in states that cast 25,000 or more votes for the party's presidential candidate in the last preceding election and one delegate and alternate for each congressman at large in states that cast fewer than 25,000 votes; that provision be made on ballots for a preference vote on candidates for president and vice-president; that a majority of delegates accredited to a convention shall nominate alternates automatically voting in place of delegates that ay be absent; that any politial organization that cast at least five percent of the total votes for president at the last election shall be deemed a party under the act.

The law would go into effect for the campaign of 1916.

SMOOT ANSWERS THOMAS' STATEMENT

DENIES BANKERS CAUSED PANIC BY CALLING OF LOANS

Presents Records of the American Bankers' Association Showing That They Had Repudiated Unsigned Circular—Declares European Conditions Caused "Panic of '93.

WASHINGTON, MAY 22.—Senator Smoot today presented to the senate records of the American Bankers' association to answer the statement made by Senator Thomas of Colorado several days ago that the cause of the panic after the passage of the Wilson bill in 1893 was the calling of loans by the bankers to obtain repeal of the silver purchase clause of the Sherman law. Senator Thomas had read an unsigned circular and a magazine article which asserted the circular was issued at the time by the American Bankers' association urging bankers to retire one-third of their silver certificates and call one-half their loans to bring about a money stringency.

Senator Smoot read a letter from Fred E. Farnsworth, general secretary of the American Bankers' association, in reply to a letter written him immediately after Senator Thomas made his speech in the senate. Mr. Farnsworth declared the circular referred to by Senator Thomas was "a fraud and a dastardly attack upon the bankers of the country." He sent a copy of the records of the American Bankers' association proceedings for the years 1893 and 1894 wherein appeared an original repudiation of the circular referred to.

From this record Senator Smoot read that the bankers' association had their attention called to the circular at the time of the panic, that it was unsigned and dated on Sunday and that it had been declared a fraud over the signature of E. H. Bullock, then general counsel for the American Bankers' association. The records also showed that the circular had been declared fraudulent at a meeting of the executive committee of the bankers' association, of which E. H. Wood was chairman at the time.

Replying to the denial Senator Thomas declared he had read the charge published in a reputable American magazine fifteen months before he had made his speech and that in all the time since its publication he had never seen the statements denied.

"Does the senator himself believe that the American Bankers' association sent out such a circular?" asked Senator McCumber.

"I never said so," said Senator Thomas.

"I will ask the senator if he believes the circular was issued by any responsible authority?" said Senator Smoot.

"Yes," said Senator Thomas. "I think if the money power in this country makes up its mind to accomplish a purpose, it will resort to almost anything."

Mr. Smoot declared that conditions in Europe were largely responsible for the "panic of '93."

WOULD CHANGE EPISCOPAL TO "THE AMERICAN CHURCH"

Synod of Springfield Diocese Approve Change—H. M. Andre of This City Chosen Delegate to General New York Convention.

Springfield, Ill., May 22.—A resolution by Rev. H. R. Neely of Mattoon, approving changing the name of the Episcopal church to "The American church" was today adopted by the synod of the Springfield diocese embracing most of Illinois. It is contended that the present name caused confusion especially in foreign mission fields. Delegates to the general convention to be held in New York were selected as follows: Rev. J. H. Rockstroh, Danville; Rev. E. J. Haughton, Springfield; Rev. H. M. Chittenden, Salem; Rev. J. C. White, Springfield; M. F. Gilbert, Cairo; Charles E. Hay, Springfield; Bluford Wilson, Springfield; H. M. Andre, Jacksonville. The question of dividing the twenty-eight counties south of the Vandalia line into a separate jurisdiction was left to the standing committee and bishop of the diocese.

DROWNS IN ST. JOHN'S RIVER.

Jacksonville, Flo., May 22.—E. O. Hainter, a wealthy manufacturer and fruit grower, taken with a fit of coughing to day while crossing St. John's river on a ferry fell overboard and was drowned. He was said to have carried life insurance totaling $500,000 and to have applied to day for an additional policy of $50,000.

GROUND TO DEATH.

Springfield, Ill., May 22.—The state board of administration was informed that John Jasper, head baker at the Elgin State Hospital, fell into the dough mixer and was ground to death and that the corner is now preparing an official report of the accident.

NO AMENDMENT TO INCOME TAX LIKELY

NO CHANGE IS TO BE PROPOSED BY SENATE FINANCE COMMITTEE

Senators Receive Many Protests, Many of Which Come From Mutual Insurance Companies Conducted For Profit.

WASHINGTON, MAY 22.—No amendment to the income tax section of the Underwood tariff bill is likely to be propposed by the senate finance committee or Democratic caucus, according to leaders who have that part of the bill in charge. Senators Williams, Shively and Gore have the income tax in hand. Their committee room is piled high with protests. Among the loudest protests coming now are those from mutual insurance companies conducted for profit. Complaints from railroad and other holding companies that the law will tax them twice on dividends paid are reported to have been held unsound by members of the committee.

Senator Penrose failed today to get up his resolution providing for publication of the list of tariff questions to manufacturers proposed by Senator LaFollette at the senate going into executive session before the tariff was reached. Early in the day the finance committee majority framed an amendment to the resolution proposing a longer list of questions in which some of Senator LaFollette's queries were included. Senator Simmons said that there would be about twenty-five questions in all but he will withhold the list until he is certain the Republican leaders intend to bring the matter up again.

Vice-president Marshall called on the finance committee chairman today and discussed with him the tariff and its prospects in the senate. The vice-president said he did not discuss rates or schedules and Chairman Simmons stated that the conference merely was informal and had to do with the handling of the bill when it reached the senate floor.

Has Reached no Decision.

President Wilson made it clear today that the United States government had reached no decision as to recognizing the Huerta government in Mexico. He indicated that when recognition is extended it will be as a result of a general adjustment of conditions in Mexico. The impression gained at the white house was that the Washington government would await the outcome of the presidential elections in the southern republic.

Expects Passage of Bill.

Senator LaFollette said today he expected a strong effort to be made to pass a bill at the present session authorizing the construction of a government railroad in Alaska. He expressed the opinion that President Wilson would favor the passage of a bill of this kind during the summer.

PAGE ALLEGED TO HAVE VIOLATED TERMS UPON WHICH HE WAS FREED

Warrant For Re-Arrest of Englishman, Convicted of Libelling Members of Congress, is Issued At Washington.

New York, May 22.—A warrant was received here from Washington today calling for the re-arrest of Henry W. A. Page, a wealthy English linen merchant, convicted in Washington a year ago for libelling members of congress. At that time he was sentenced to five years imprisonment and fined $1,000, but was released under suspended sentence. The order for re-arrest, it is understood was issued because he had violated the terms under which sentence was suspended by writing of his grievances to the president, attacking the department of justice.

Page's conviction followed his circulation of pamphlets calling congressmen, "crooks." He believed that the courts had treated him unfairly in giving his wife the custody of their three children after granting her a separation. He momorialized congress, asking for the impeachment of certain New York judges and when the house judiciary committee, to which his petition was referred gave him no satisfaction he printed and mailed to members of both houses, pamphlets containing a turid attack on congressmen. Page could not be found at his office today. It was said that he was out of town.

ALL PRISONERS AT JOLIET WILL HAVE HOUR A DAY RECREATION

Innovation Adopted to Decrease Present High Death Rate From Consumption.

Joliet, Ill., May 22.—Warden Allen has adopted another innovation in the handling of the convicts in the penitentiary it was announced to day by instituting a daily hour of recreation for all prisoners. Groups of sixty men will be allowed in the court yard at a time. This is done in the belief that the light and air will decrease the present high death rate from consumption, which reason was one of the motives for moving the penitentiary to the proposed site away from the smoke of the steel mills.

JAPS BUY STEAMERS.

London, May 22.—Several British steamships ranging from 3,000 to 5,000 tonnage have been sold to Japanese buyers in the last few days. These include the Narrung, Benacre, Bentala and Yadala.

THURSDAY IN CONGRESS.

Senate.

In session 2 p. m.

Action of Kern, West Virginia strike investigation resolution deferred until Monday.

Finance sub-committee continued hearings on tariff schedules.

Senator Ashurst introduced bill to appropriate $1,600,000 government armor plant.

President Wilson submitted several nominations.

Elevation of diplomatic mission to Spain to an embassy and provision for separate ministers for Urguay and Paraguay provided in bill introduced by Senator Bacon.

Senator Pittman, introduced bill to permit government to mine Alaskan coal when needed by navy or when it would relieve oppressive conditions to a coal monopoly.

Senator Chamberlain refuted Delegate Wickersham's statement that he had introduced bill which would have turned over Cordova Harbor to Guggenheims.

Senator Nelson introduced resolution for constitutional amendment giving president power to veto any item in appropriation bill.

Senator Sherman introduced bill to provide for primary election of delegates to national political conventions.

Passed a bill creating an additional judgeship for the eastern district of Pennsylvania.

Passed a bill to authorize the return of money used to ransom Ellen M. Stone in Turkey in 1901.

Adjourned at 5:41 p. m., until 2 p. m., Monday.

House.

Not in session, meets at noon Friday.

DECLARE PITMAN SUPPLIED DYNAMITE

COMMITTED SUICIDE MORNING HE WAS TO APPEAR AS WITNESS

Evidence Introduced Shows That he Had Knowledge of the Dynamite Plot but "Business Worries" Was Given as Cause of His Act at Time of Suicide.

BOSTON, MAY 22.—Ernest W. Pitman supplied the dynamite "planted" in Lawrence during the textile strike, according to evidence introduced by the state today. The suicide of Pitman the morning that he was to have appeared as a witness before the grand jury investigating the alleged conspiracy to discredit the strikers, created a sensation. As a building contractor, he erected the woolen mill at Lawrence owned by the Amercian Woolen company, of which William M. Wood is president. Rumors that he had knowledge of the dynamite plot were met with assertions by his intimates that Pitman had been driven to take his life by business worries. When John J. Breen, who has confessed to actually "planting" the dynamite, had concluded his testimony today at the trial of William M. Wood, Frederick E. Atteaux and Dennis J. Collins, the alleged conspirators, the prosecution called William H. Rice, a quarry owner of Milton.

Rice testified that Pitman asked for a quantity of dynamite for a construction job, that he got it from his quarry and accompanied Pitman to Boston, where he saw Pitman deliver it to Breen.

Breen on cross-examination admitted today that he had lied concerning the dynamite plot, but insisted he had told only the truth on the witness stand. He admitted that he had asked Atteaux for money with which to settle damage suits brought against him for false arrest by persons who had been arrested after the "planted" explosives had been found on their premises. He claimed, however, that he was asking only for money which he thought Atteaux should furnish because he was involved in the conspiracy.

WILL PUSH GOVERNMENT'S CLAIM AGAINST MISSOURI PACIFIC R. R.

$43,362,346 is Due For Subsidized Bonds Advanced to Aid in Construction Work 45 Years Ago.

Washington, May 22.—Representative Neely of Kansas has submitted to Attorney McReynolds a formal request that the government at once proceed to collect from the Missouri Pacific railroad $43,362,346 due the government for subsidized bonds advanced to aid in the construction of the central branch of the Missouri Pacific railroad in Kansas.

This is the only claim the government now has account of the subsidy bonds issued to aid in the construction of the Pacific railroads. All other bond aided railroads have paid their subsidy loans. Solicitor Thompson of the treasury department has advised the secretary of the treasury that "it would seem now, after a lapse of 45 years from the date of the bonds, matters should be brought to a conclusion with respect to this, the only remaining unsatisfied claim. It must apparent to every one that if no effort is made to collect it, it will never be paid."

DESCRIBES PERILS OF ARTIC EXPEDITION

EXPLORERS UNDERGO TERRIBLE SUFFERING IN FAR NORTH

Movements of German Expedition Which Set Out Last Summer To Find Northwest Passage Are Told By One of the Rescued.

BERLIN, BAY 22.—A description of the terrible sufferings undergone by members of the German Arctic expedition commanded by Lieutenant Schroede-Stranz, which met disaster in Spitzbergen, is given in the dairy of the artist, err Rave, one of the secued. He telegraphed extracts to Berlin to day from Advent Bay giving details of the movements of the expedition after its members had abandoned their vessel, the Herzog Ernst, September, 21, 1912.

The extracts in some places are incomplete and almost incohent. They say:

"The proposal to abandon the ship came from Captain kitschel at the beginning of September. The vessel then had provisions for four months besides a large supply of condensed foods, and she was otherwise well equipped.

"The party tarted for Advent Bay and reached a hut on Wijde Bay on October 4th. Dr. Rudiger, the oceanographer, was suffering then from a half frozen foot. I offered to remain with him until the others could bring back help. The hut contained a months provisions.

"Dr. Rudiger and I were without tools, sleeping bags or lights. I melted some fat and made lights and fashioned some sleeping bags from seal skins I found in the hut. Dr. Rudiger's foot became worse and there were no more bandage materials.

Reached Ship December 1.

"The provisions ran out and we left the hut November 23, hoping to regain the ship. We suffered severely having nothing to drink but we finally heached a hut at Mossel Bay where we found some hard moldy bread.

"We remained there three days during a storm and then started again for the ship, guiding ourselves by the stars. We arrived at the ship on December 1.

"Dr. Rudiger meanwhile had suffered greatly, more of his toes and foufr fingers having been frozen, while his foot became so bad that it had to be amputated. The guides and sailors of the expedition returned unexpectedly to the ship December 24th, reporting the loss of Eberhart. They had no word of Dr. Detmers or Dr. Moser, the botanist. They said Captain Ritschel had gone on alone to Advent Bay. Stave died February 24th, and the Norwegian relief expedition commanded by Captain Staxrud appeared April 21st."

The expedition started last summer under the patronage of the Duke of Altenburg with the object of finding the Northeast Passage.

J. H. CROWDER OF BETHANY ELECTED DEPARTMENT COMMANDER

John M. Snyder of Clayton Defeated By Big Vote—Mrs. Martin of This City Honored.

Alton, Ill., May 2.—The state encampment of the Illinois G. A. R., at its third annual session today elected J. H. Crowder of Bethany, department commander for the ensuing year. He received 250 votes while his opponent, John M. Snyder of Chicago received 72.

Twenty-four delegates were elected to attend the national encampment at Chattanooga in September. Other officers elected were: O. R. McKenney, Chicago, senior vice-commander; James M. Brown, Quincy, junior vice-commander; Sam T. Maxey, Chicago, chaplain; W. M. Hanna, Aurora, medical director; Henry C. Cooke, Chicago, assistant adjutant and quarter-master.

Ladies Elect Officers.

The Ladies of the G. A. R., elected these officers: Commander, Mrs. Ida E. Wright, Chicago; senior vice-commander, Mrs. Ruby Taylor, Genesco; junior vice-commander, Mrs. Elizabeth Martin, Jacksonville; treasurer, Mrs. Alice Guerney, Peoria.

The following officers were chosen by the Sons of Veterans:

Commander, George B. Holmes, Chicago; senior vice-commander, W. H. Bauer, Alton; junior vice-commander, George W. Paisley, Lincoln; treasurer, W. G. Dustin, Dwight.

Miss Edna Walker of Chicago was elected president by the Women's Relief Corps.

AUSTRALIA SHIPEMENT OF MEAT ARRIVES IN FRISCO

San Francisco, May 22.—One hundred and ninety-two thousand pounds of meat, veal, beef and mutton arrived today from Australia. This is the third shipment of meat receavid from the antipodes in the campaign to combat the high prices asked by local wholesalers. The meat is consigned direct to retailers.

George F. Richards, who represents the Australian shippers was a passenger on the boat. He comes to thi country to investigate the facilitie for storing frozen meats. He plans to visit Chicago.

"We are prepared to ship all kinds of meat from Australia to the United States and an unlimited amount of butter just as soon as we can find that it can be cared for," Mr. Richards said. "It can be sold at a considerably lower figure than the prevailing prices."

SPEAKER FAVORS SPECIAL SESSION

EXPECTS GOVERNOR TO CALL SESSION OF GENERAL ASSEMBLY

Saving of $117,212.54 is Claimed in the Operation of State Fish and Game Departments Under the Proposed Consolidation Plan.

SPRINGFIELD, ILL., MAY 22.—The old fight of many sessions was fought all over again to day when Representative Devine called up in the house on the order of second reading his proof of handwriting measure. The measure permits proof of handwriting to be made by comparison.

Representative Lee O'Neill Browne immediately moved to strike the enacting clause from the bill. At the end of an hour's battle, Representative Devine agreed to let the bill lie over for the present while its opponents endeavor to agree upon a set of amendments to it. Browne's libel act, Lyons anti-cigarette bill; Hraris' bill for a church charter convention and Curran's bill requiring convict labor goods to be labelled were advanced ot third reading with a scre of other measures, at an afternoon session of the house at which only a small portion of a quorum was present.

Speaker McKinley let it be known to day that he expects Governor Dunne to call a special session of the general assembly in the fall, probably in Ooctober. The speaker had just announced the appointment of the senatorial and congressional apportionment committees of the house when he said he favored a special session later in the year.

Asked if there was any work for either of the apportionment committees to perform, Speaker McKinley replied:

"Not in this session but there will be in the fall, we are going to pass a new senatorial apportionment then."

A saving of $17,212.54 in the operation of the state fish and game departments under the proposed consolidation plan proposed by Governor Dunne is shown in an estimate prepared to day by James Burdett, president of the state civil service committee who is representing Governor Dunne in advocating the consolidation plan before the general assembly.

CHICAGO ANTI-NOISE LAWS WILL BE REVISED AND ENFORCED

An Attempt Will Be Made to Reduce the Increasing Volume of the City's Noise.

Chicago, May 22. — Chicago's great orchestra of discordant sounds arising from rattling elevated trains, locomotive whistles, river boat sirens, automobile squawkers, the cries of peddlers and the crowing of roosters, was placed on trial today and wa found guilty of being a nuisance.

The sentence was immediate suppression and all the city ordinances, regulating whistles and other noises, have been ordered revised. Many of these anti-noise laws have been regarded as "dead letters."

Doctors, lawyers, merchants, managers of hospitals and others appeared before the anti-noise subcommittee of the city council health committee today and the result was an agreement that the city administration will make every effort to reduce noises in the streets and especially in the downtown district.

"We shall try to make Chicago one of the quietest big cities in the country," said Mayor Harrison.

For more than 15 years committees and reformers have been endeavoring to devise some practical scheme for reducing the increasing volume of noise. Experts have testified that the efficiency of people working in offices has been reduced 25 per cent by the nervous straing caused by noise.

SURRENDERS TO POLICE TO EXPIATE CRIME IN FRANCE

Asks to Be Guillotined For Murder of Woman 15 Years Ago—Is Freed.

Carcassonne, France, May 22.—Miquel Vallespi, who recently returned here from the Argentine republic and gave himself up to the police, declaring that he wished to go to the guillotine for the murder of a woman 15 years ago, was given his freedom today.

Vallespi related his story before a jury and told of his struggles with his conscience, which finally led to his spiritual conversion and impelled him to give up a prosperous position in Argentina to expiat his crime in France to satisfy the laws. The jury, without leaving the box ecquitted him amid applause.

The crime caused a great sensation in France at the time and Vallespi, who was suspected of killing the woman for her money disappeared. He was adjudged guilty by default and condemned to be guillotined.

ABOLISH TAYLOR SYSTEM.

Boston, May 22.—The so-called Taylor efficiency system will be abolished in the navy yards of the country by order of Secretary Daniels, according to a statement made by Congressman Curley tonight. he congressman was addressing a mass meeting of employes of the Charlestown navy yard where a strike was threatened recently on account of the operation of the system.

EXPRESS CONCERN FOR JAP EMPEROR

Wilson Cables Message of Sympathy Upon Hearing of Emperor's Illness

DEATH WAS REPORTED

Erronerous Cablegram Annonnces Japanese Ruler's Death But is Soon Contradicted

NEGOTIATIONS ARE DELAYED

WASHINGTON, MAY 22.—When news of the sudden illness of the emperor of Japan reached Washington today President Wilson and Secretary Bryan expressed deep concern. The American embassy at Tokio was cabled immediately to convey a message of sympathy to the Japanese government and President Wilson sent a personal message to the emperor.

It is regarded here that it is possible that the emperor's illness may have been the effect of delaying negotiations in progress regarding the California alien law. There were no developments today on the alien law, either at the state department or at the Japanese embassy.

President Wilson's cable to the emperor was as follows:

"Report received through press agencies are current to the effect that your majesty's health is impaired.

"I have heard these reports with sorrow and with great concern. Should they prove to be true, I desire to offer to your majesty for myself and for the government and people of the United States the assurance of my sincere sympathy and to express the ardent hope that your illness may be of brief duration and your recovery rapid and complete."

News of Death Erroneous.

San Francisco, May 22.—There was consternation in San Francisco's Japanese colony for a few minutes tonight over the receipt by one of its newspapers of a cablegram announcing the death of the emperor. Scarcely had the bulletin been posted when another, contradicting the first and stating that the imperial invalid was resting easily.

Condition Not Serious.

Tokio, May 23.—The following statement was made by Count Watanabe, minister of the household this morning regarding the condition of Emperor Yoshihato:

"His majesty is asleep. Conditions have not changed since yesterday and are not serious. The bulletin issued by the attending physicians apprised the people of the real condition of the imperial patient. His majesty has been in good health since ascending the throne, despite the report that he suffered from weakness of the lungs and he has actively attended to affairs of state."

WEBB SENTENCED TO IMPRISONMENT FOR LIFE

Auto Bandit is Found Guilty on Second Trial of Murder of Detective Hart.

Chicago, May 22.—Robert Webb, the automobile bandit, charged with the murder of Detective Peter Hart was found guilty on his second trial today and sentenced to imprisonment for life.

Webb, with James Perry and a number of other amateur desperadoes for three months last winter terrorized Chicagoans by holding them up and then escaping in an automobile. They were known as the "auto bandits" and the capture of Webb ended a long drawn out accounts of their efforts to emulate the same kind of bandits who operated in Paris.

Webb was being sought for his depredations when he shot Hart.

This was Webb's second trial. On April 17th, a jury failed to agree. At the time of his capture Webb was offered 25 years in the penitentiary if he would plead guilty but he determined to stand trial.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, May 22.—For Illinois: Fair, warmer Friday and Saturday; light to moderate northwest winds becoming variable.

Temperatures.

Chicago, May 22.—The current, maximum, and minimum temperatures for to day were:

	Current.	High.	Low.
Boston	50	56	50
Buffalo	50	58	56
New York	66	74	54
New Orleans	74	82	68
Chicago	54	57	52
Detroit	54	64	58
Omaha	58	58	46
St. Paul	58	60	44
Helena	74	74	44
San Francisco	54	62	50
Winnipeg	64	70	46

Our Stock of Dresses

In selecting the manufacturers from whom to purchase our Dresses, one of the supreme considerations is their ability to create styles that are distinctively original and strikingly beautiful. That we have succeeded and are succeeding in a highly gratifying measure is evident from a casual inspection of the splendid offerings now on display in our Dress Department. On some of these very desirable models the note of individuality is so pronounced as to make it advisable to offer but a limited quantity, and, because of this, we suggest an early call while the selection is wide and the stock complete.

FUNERAL NOTICES.

Funeral services for John W. Reick will be held from the German Methodist church this afternoon at 2 o'clock in charge of Rev. F. Gruenewald. Interment will be made in Diamond Grove cemetery.

Funeral services for Jewel Lucille Souza will be held from the late residence east of the city this morning at 10:30 o'clock in charge of Rev. W. E. Spoonts, pastor of Northminster church. Interment will be made in Jacksonville cemetery.

STUDENTS HAVE PICNIC.

The students of Whipple academy enjoyed a picnic Thursday evening at Nichols park. The young people left the square about 4:30 with well filled lunch baskets and passed the time at the park until after 7 o'clock in boating and various games. The event was planned by the girls of Tri Kappa literary society of the academy. This society has just closed a successful year of literary work. Its president is Miss Vincent Cromwell and secretary, Miss Vivian Andrews.

GIRL GAVE TIP WHICH CAUSES THREE ARRESTS

CLARENCE YOST'S CONFIDENCES IMPLICATE TWO OF HIS PALS

Lloyd Decker and William Hale Now Charged With Diamond Court Holdup and Concord Station Robbery—Story told by Mary Bostwick Brings Quick Results.

If the story told by Clarence Yost is true, and it has all the marks of truth about it the mystery surrounding the "holdup" of Miss Harriet Andre and Miss Emma Doying two weeks since has been cleared up. Yost says that the holdup was the work of Lloyd Decker and William Hale and charges also that these two with the aid of a third young fellow robbed the station agent at Concord the night following. As a result of the revelations made Yost is now in the city prison, Decker is in the Morgan county jail and Hale is held in the Beardstown prison and will be brought here this morning.

Girl Gave Tip.

Mary Bostwick is a young girl living in the first ward who has at various times had the attention of the city matron. Recently the matron reported some matters to Sheriff Rogers and yesterday Deputy Sheriff Todd went to the girl's home to lay down some new rules of conduct. While there the girl confided to the deputy sheriff that she knew who held up the young women on Diamond Court and went on to say that Yost had told her that Decker and Hale did the work and the Concord robbery. It was not long afterward that the sheriff's office tipped off this bit of information to Chief of Police Davis. Deputy Sheriffs Andrews and Todd agreed to work with the Chief and various of the city patrolmen were detailed for the same job. Officer Tuite arrested Yost and took him to the city prison where he was submitted to a grilling for information. At first he stoutly denied all knowledge of the holdup but later on when he heard that the Bostwick girl had "squealed" he told his story and in a way which convinced Chief Davis and others of the force that the truth was forthcoming.

Proposed Grabbing Purse.

According to the Yost story on Saturday night two weeks ago he met Decker and Hale near the opera house. They suggested that they go out on a street leading from the square and grab a purse from some passerby. He says the trio first went to South Main street but soon left there and traveled west on State street. While near the high school they noticed two women on the south side of the street and crossed over in front of them. Yost says that when he arrived at the corner of Diamond Court and State treet that it came to him he did not want to get mixed up in a robbery and that he turned south by himself and ran on Diamond street to College street and turned east. He says Hale and Decker walked down Diamond street and stopped at the alley and held up the young women as they came along an then ran east on the alley.

Yost Ran Away.

Further Yost says that he was on College street running east when the girls were screaming for help and that he almost ran into a man and stopped and talked to him a few seconds. This part of the story is substantiated by Thomas Wall who met a man on College street, running at the same time the screams of the girls could be heard. Yost alleges that he did not see Hale or Decker again until Sunday morning and that one of them told him about the holdup and claimed to have secured something over $5 from a purse. He says that evening Decker and Hale then suggested that he go with them to Concord that evening and holdup the agent but that he refused. The day following he says that Decker and Hale told him about getting the money from the Concord agent, with the aid of a third part. Another point in the Yost story is that Hale told him that some man approached them as they ran along the alley after the holdup and that he (Hale) yelled to the man to keep away or they would shoot.

Two More Arrests Made.

After securing this story from Yost the search for Hale and Decker was taken up with still greater interest. Deputy Sheriffs Todd and Andrews arrested Decker as he returned to Cherry's barn from a funeral. Chief of Police Davis learned that Hale had purchased a ticket over the Burlington to Rock Island and had left here on the 4:50 train. He knew that Decker would be compelled to remain in Beardstown for several hours and by wire he secured authority from the Burlington for two officers to ride to Beardstown on a special train of a coboose and engine which happened to be going through about 6:15 o'clock. Officers Kiloran and Tuite were detailed for this trip and after a two hours search in Beardstown picked up Hale as he was walking along a business street.

All of the three under arrest have been mixed up with various misdemeanors in times past but in Yost's case the offenes have not been of a serious character. Altogether it looks as if the prompt work of the city and county officers based on a lucky tip has about cleared up two baffling cases.

WALKER BURIED TODAY.

Macon, Ga., May 22.—The body of B. Sanders Walker, the young banker whose week long fight against bichloride of mercury poisoning was ended by death today, will be taken to Monroe, Ga., tomorrow for burial.

Soon after Walker died telegrams of sympathy were received from all parts of the country. Others containing suggestions for treatment also continued to come in. These included one from the United States consul at Amsterdam containing a prescription for treatment of bichloride of mercury poisoning.

PUPILS' RECITAL AT WOMAN'S COLLEGE

Ensemble Program is Given Splendid Rendition Before Appreciative Audience.

An exceedingly enjoyable ensemble program was given last night in Music hall at the Woman's college by pupils of Director M. L. Swarthout and assistant director, Donald Swarthout. Each year a program of this nature is given to show the advancement of the pupils. Three of the numbers were orchestral, arranged for eight hands. This requires a great deal of musical appreciation and the players must balance well to get the required results. The demands of the selections were fully met by the young ladies. The compositions for four hands were given with freedom and precision and the violin and piano number was especially pleasing.

The following was the program:

Two pianos—"Hebrides" Overture, Mendelssohn — Moss Carter, Anne Fitzpatrick, Letta Irwin, Lucille Olinger.

Two pianos — Gavotte and Muessette, Raff — Ruth Mattocks, Moss Carter.

Two pionos — "Manfred" Overture, Schumann—Ethel Chapman, Florence Hilbish, Edith Colton, Ruth Mattocks.

Violin and piano—Sonata Op. 12, No. 1, Beethoven, Allegro con brio, theme with variations, Rendo (Allegro) — Helen Harrison, Mary Shastid.

Two pianos—Valse from "Bell au Boise," Tschaikowsky — Moss Carter, Anne Fitzpatrick, Letta Irwin, Lucile Olinger.

SOCIAL EVENTS.

Mrs. James Keefe of West North street, gave a handkerchief shower Wednesday afternoon, in honor of Miss Zella Stout, who is to be married in June. The afternoon was happily spent, music being part of the program. In the guessing contest first prize was won by Miss Marie Wiswell. Suitable refreshments were served.

Miss Edna Stout was hostess at a kitchen rush in honor of Miss Eloise Smith, Thursday afternoon at her home on North Church street. The guest list included twenty-five of Miss Smith's intimate friends. The house was prettily decorated in cut flowers and in the guessing contest first prize was won by Miss Genevieve Mount. Delightful refrehments were served. Among the friends present were the house guests of Miss Stout, Mrs. Clinton Smith of Logan, Utah; Mrs. Chester Schofield of Arnold and Miss Laura Young of Springfield.

Miss Deane Obermeyer was hostess at a hosiery and handkerchief shower, at her home on North church street Thursday afternoon, in honor of Miss Gertrude Newman of Chicago, who is to wed Mr. Harry Obermeyer in the near future. The guest list included intimate friends of Miss Newman at the Woman's college, where she was a former student and town acquaintances. The house was prettily decorated in blue and gold, college colors. The afternoon was spent in a delightful social manner and in the games played prizes were won by Miss Velma Conn, Miss Jessie Rottger and the guest prize by Miss Newman. An elegant four course luncheon was served. Mrs. Evans Maxwell, of Rockford was among the out-of-town guests present.

Miss Louise Guyette entertained the members of the Young Ladies Aid society of the First Baptist church at her home on North Pine street at a sewing Thursday evening in honor of Miss Hattie Adams. The hours were pleasantly spent and refreshments served. Before departing each guest wrote on a piece of paper a wish of good luck and happiness, and presented it to the bride-to-be.

At a meeting of the Eastern Star last night, the following candidates were initiated into the order: Mr. and Mrs. William Shibe, Mrs. Lois Seymour, Miss Lula D. Hay and Elmer German.

Mrs. John Gibbs entertained the members of the M. C. L. club of Point church at her home on South Main street, Thursday afternoon. The club is studying the customs of the people of Japan and yesterday Miss Stella Vasey was the leader. She read a paper on "The Woman of Japan." Part of the afternoon was spent in a social way and during the time palatable refreshments were served.

PETERSBURG YOUNG PEOPLE MARRIED HERE

Miss Dorothy Stowell Becomes the Bride of Mr. Paul Grosboll—Will Reside On a Farm.

A wedding which will come as a surprise to their many friends was that of Mr. Paul Grosboll and Miss Dorothy Stowell both of Petersburg, which took place Thursday afternoon at 5:30 o'clock, Rev. F. A. McCarty officiating. The young people came to the city in the afternoon and they expect to leave this morning for Kansas City where they will visit for a week before returning home.

The bride is the daughter of Mr. and Mrs. R. V. Stowell and the groom is the son of Mr. and Mrs. Martin P. Grosboll, both of Petersburg. The ceremony was witnessed by Miss Mary V. Stowell, a cousin of the bride. The young people will make their home on a farm near Petersburg.

Warden—Flora M. Filson, Winchester.

Conductor — Mildred Cowhick, Winchester.

Chaplain—Nora Cratz, Concord.

I. G.—Sadie Gallagher, Roodhouse.

O. G.—Jennie Brune.

NEVER CONSIDERED WELFARE OF WOMEN EMPLOYES

Manager of City Club of St. Louis Testifies Before Wage Investigating Committee.

St. Louis, Mo., May 22.—Floyd J. Sloan, manager of the City club, a philanthropic organization of a thousand St. Louis business and professional men, told the Missouri senate wage investigating committee today that the club, organized for the general betterment of mankind, never considers the welfare of its women employes.

The wage inquiry today covered a wide field, employes in box and candy factories and in department stores being called on to testify.

After hearing the testimony of Mr. Sloan as to the indifference of the City club to its women employes, Senator Wilson asked:

"Don't you think it would be well for your club to invite some one to address it on the subject of women's wages?"

"That subject never has been broached to the board of managers," was the reply.

"I suggest," said Wilson, "that you broach the subject to them."

There was no new devolopments in the testimony of other witnesses.

BIRTH RECORD.

Born, to Mr. and Mrs. Joseph Fanning of Washington street, Thursday, a daughter.

Born, Thursday, to Mr. and Mrs. William Roach, east of the city, a son.

PARASOLS, IN THE NEW DOME SHAPE, SPECIAL AT $1.98

Everyone who has seen these new sun-shades has become enraptured with their beauty. The new dome shape is a decided departure from the lines upon which parasols were formerly made, the cover extending far down and enveloping the features in a manner which is most bewitching.

In purchasing this assortment we endeavored to include all the wanted shades, so that every woman may have a parasol to harmonize with the rest of her outfit. Some are of pure white with colored stripe or fancy borders, others in nobby figured effects—and a number of styles are featured in the Bulgarian silks. (See display in South Window.)

There is nothing cheap about these sun-shades but the price. The covers are of first quality silk and should retail at $2.00, $2.50 and $3.00; but to introduce the new style we are offering you choice of the lot, for this week only, at..... **$1 98**

CLASS OF ELEVEN GRADUATED FROM ASHLAND HIGH SCHOOL

Dr. Kemp of Wesleyan University Gives Commencement Address and Rev. F. M. Morgan of Pleasant Plains the Baccalaureate.

A class of 11 was presented with diplomas at the recent graduation exercises of the Ashland High school held in the Baptist church at that place and an excellent address, "The Empire of Youth," was given by Dr. Theodore Kemp, president of the Illinois Wesleyan university of Bloomington. The baccalaureate services were held at the M. E. church. Rev. F. M. Morgan of Pleasant Plains delivered the sermon. He was assisted by a Rev. Mr. Johnson and Rev. Mr. McPherson.

The graduates were Louise Savage, Lutie Beggs, Maribelle Massey, Myrtle Wyatt, Glenna Bailey, Eula Bailey, Pearl Caswell, Harold Wright, Dorothy Bradley, Russell Davis, Andrew Wyatt.

Miss Louise Armstrong of Jacksonville played some selections on the piano after which the mixed quartette composed of Misses Maribelle Massey and Louise Savage and Russell Davis and Andrew Wyatt, favored the audience with "'Tis Morn," by Geibel. The farewell speech to the class and presentation of diplomas by Supt. J. G. Morris followed. The Ashland Concert orchestra played the prelude, march and postlude.

DELEGATES RETURN FROM ALTON MEETING

Member of Woman's Relief Corps Attend G. A. R. Sessions — Mrs. Riggs Taylor Meets With Accident.

Mrs. J. W. Waller, Mrs. Riggs Taylor, Mrs. Naomi Wharton and Mrs. J. J. Vieira, returned from Alton Thursday from the state meeting of the Woman's Relief Corps. The ladies report a successful meeting and abundant hospitality on the part of the people of Alton. Officers were elected for the coming year.

Mrs. Taylor, who was going to run for the office of chaplain met with a painful accident which prevented her further participation in the meeting. She was unfortunate enough to fall down a flight of seven steps at the place where she was boarding, bruising herself on the head and face. Her husband was near when she fell and it was some time before she regained consciousness. Although suffering considerable she was able to return home.

The officers elected are:

President—Mrs. Edna Walker, Peoria.

Vice-president—Mrs. S. H. Darling, Chicago.

Junior vice-president—Mrs. Kate Quigley, Bellville.

Treasurer—Anna C. Wrilmer.

Chaplain — Mrs. Mollie Moody, Joliet.

SMALL BLAZE THURSDAY.

The fire department was called to the Jacksonville Transfer company's warehouse at the junction Thursday afternoon about 3 o'clock where a spark from a passing train set fire to the roof. The blaze was extinguished and the only damage was a small hole burned in the roof. In making the run one of the fire trucks ran over a dog, it belonging to little Mercer and Freeman Hopper. The animal was a Spitz, and "Fido" is much missed by the youngsters.

MAY PHOTOGRAPH BALL PLAYERS WITHOUT THEIR CONSENT

Court Makes Ruling in Case of New York Club vs. a Moving Picture Concern.

New York, May 22.—Baseball players are public characters and photographers may make photographs of them in action without their consent, according to a ruling of Magistrate Butts to day.

The case was brought by the National Baseball commission and the New York Baseball club against a moving picture concern which had taken photographs of games without a permit from the management.

The plaintiffs contended that the civil rights law had been violated. The pictures in question were taken duing the Wold's Series.

MORTUARY

Pyatt.

In the presence of a large gathering of friends, funeral services for Mrs. Josephine Jones Pyatt were held at the late residence, 844 North Church street, Thursday afternoon at 3 o'clock. The services were impressively conducted by Rev. Clyde Darsie, pastor of Central Christian church. Music was furnished by Mrs. A. M. Roberts, accompanied by Mrs. E. C. Carpenter and the flowers, which were many and beautiful were cared for by Miss Elie Pyatt, Miss Dorothy Westover, Miss Maude Gillham, Miss Beesley and Mrs. Kate Robertson.

Interment was made in Jacksonville cemetery and the bearers were: Joseph Capps, J. T. Osborne, Charles Minter, Frank Plouer, Harry Clements and Alexander Campbell.

Mansfield.

Windell Mansfield, the 5-weeks-old son of Rufus and Essie Mansfield, who reside south of Waverly, was found dead in bed by his parents Thursday morning. Dr. Paul Allen was called and decided that the child had been suffering from a bronchial affection. Coroner G. W. Wright went to Waverly and held an inquest, with the following as the jury: George W. Austill, foreman; J. W. Woods, John A. Rhea, George A. Seymour, E. H. Witherbee and Harry Dwyer. A verdict that death was caused by strangulation was returned.

DISCOVER CISTERN FULL OF HARD CIDER

Mystery Which Has Long Baffled Officers is Solved By Discovery.

Bonner Springs, Kan., May 22.—The discovery of a cistern filled with har cider on a farm near here to day solved a mystery that has baffled officers for more than a year. Frequent complaints have been filed that many men and boys in this vicinity were being ruined by drunk but the utmost vigilance failed to locate bootleggers.

The cistern was found by one of the prosecuting attorneys assistant who had been in the eighborhood a week disguised as a farm had. A chemist's analysis showed that the cider wa about six per cent pure alcohol. The farmer who owned the cistern was enjoined from celling or making cider and the cistern and its contents were destroyed.

WORKMAN DASHED TO DEATH

Chicago, May 22.—Losing his footing while placing a stone on the eighteenth floor of a downtown office building, James Hamilton, a workman, this afternoon pitched headlong over the edge and in view of hundreds of people who were passing was dashed to death. The body struck the side walk within a few feet of passersby.

RAILROAD SUFFERS GREAT PROPERTY LOSS.

Roanoke, Va., May 22.—An official statement by the Norfolk & Western railway here says that 1800 men for four weeks at an expenditure of more than $1,000,000 will be required to repair the property of the company as a result of the Ohio floods. A further expenditure of $700,000 will be made to prevent losses under like conditions.

JUSTICE COURTS.

C. E. Campbell, was arrested Thursday by Special Officer J. W. Moon, on a charge of failing to pay his vehicle license. He was put under bond for his appearance in 'Squire Dyer's court this morning at 9 o'clock.

Carl Spencer was arrested on the same charge.

SUPERINTENDENT'S FORMER STENOGRAPHER TESTIFIES

Tells Her Story of Heeter's Alleged Misconduct Supplementing Recent Affidavit.

Pittsburgh, Pa., May 22.—Mrs. Arthur H. Wessels, who was Alice Lang, a stenographer in the office of Superintendent of Schools Heeter, today on the witness stand before the committee of citizens named by the board of education to probe rumors reflecting on Supt. Heeter, told her story of the educators alleged misconduct, supplementing a recent sworn affidavit she had made.

She said she feared if she complained to the board of education her story would be contradicted.

Finally a week after Superintendent Heeter had forcibly kissed her she said she revolted against working at night and the superintendent discharged her. Superintendent Heeter and his counsel sat through the recital.

Arthur H. Wessels, husband of Mrs. Wessels and Dr. J. Chris Lang, an uncle by marriage, tetified that they had heard the story of Superintendent Heeter's alleged familiarity shortly after Mrs. Wessels had left her position as stenographer to Mr. Heeter. Dr. Lang aid that he had brought the matter to the attention of a member of the board of education last July and was promised that "Heeter would have to resign within a week."

The investigation has been adjourned until Saturday afternoon when counsel for Heeter will present the superintendent's defense.

FIND BODY OF GIRL PARTIALLY DEVOURED BY BEAR

Body is Found After Week's Search in Ravine in Sierra Nevadas.

Truckee, Calif., May 22.—After a week's search, the body of Miss Vinnie Colt, a girl of 18, was found late today in a ravine in the Sierra Nevadas, twenty miles from Truckee. She had been killed and partially devoured by a bear.

The girl ran away from her home here on Wednesday of last week.

Six days later a pet dog that had accompanied her returned alone. Since her disappearance three possss, each led by one of her brothers, has continued a search extending over a large section of the mountains.

There were bear tracks all around the spot where the body was found and it had been dragged for some distance.

Miss Colt ran away from home because of a disagreement with her mother, who is 75 years old.

M'CUE SHADES SOKOL.

Fond du lac, Wis., May 22.—Matty McCue, aspirant for the featherweight championship, sustained a check here tonight in a ten round no-decision bout with Johnny Sokol of Minneapolis. McCue won but not by a great margin, Sokol being apparently strong at the finish. McCue abandoned his former rushing tactics and fought a careful battle.

EIGHT MILLIONS EXPENDED.

San Francisco, May 22.—Reports read at the session today of the biennial convention of the Brotherhood of Railway Trainmen showed that more than $8,000,000 had been expended by the brotherhood in the last two years. In death and disability claims alone during the years 1911-12, nearly $5,000,000 was expended.

OUTRAGES CONTINUE.

London, May 22.—Militant outrages, it is said, are now being committed in the residences of the aristocracy in the West End.

At several of the recent social functions in that section pictures and tapestries have been cut. Hostesses are alarmed and are employing detectives to protect their homes.

THOUSANDS VIEW BODY.

St. Augustine, Fla., May 22.—Thousands of people viewed the body of Henry M. Flagler today as it lay in state in the rotunda of the Ponce De Leon hotel. Funeral services will be conducted at 3 o'clock tomorrow. The body will be placed in the mausoleum of the Flagler Memorial church here.

A Sure Thing.

Speaking of a sure thing, a congressman said that it reminded him of a conversation he had heard in the street regarding the proprietor of a lunch room.

"I see," said one man, "that Bill Jones has established a lunch room. I wonder if he's making any money out of it?"

"Making money?" responded the other. "With that location the only way a man could lose money would be to sit on the counter, take a big revolver and shoot all the customers as they came in the door."—Chicago Record-Herald.

A Genuine Bull.

The flies had been unusnally troublesome, and one night after Nora had gone upstairs her mistress spread insect powder round the windows and other places in the kitchen where the flies congregated.

In the morning she asked Nora if there were not a great many dead flies in the kitchen.

"Yes, there are, mum," replied Nora. "The room's alive with thim."—Youth's Companion.

He Disagreed.

"What a pity we have no artists who can paint like the old masters!" said the sincere lover of pictures.

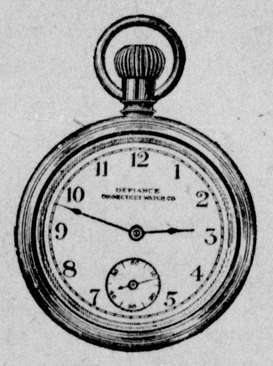

"But," replied Mr. Cumrox, who had recently acquired a spurious signature, "the great trouble is that we have."—Washington Star.

The evil inclinations of mankind start as cobweb threads and end as strands of cable.—Talmud.

MRS. ELIZABETH LYMAN HANGS SELF TO BED WITH A VEIL

Found Dead in Her Room at Maplewood Sanitarium Thursday Morning—Remains to Be Sent to Home in Harvall.

Mrs. Elizabeth Lyman of Harvall, Ill., was found dead in her room at Maplewood sanitarium Thursday morning about 7 o'clock. She was kneeling on the floor and had tied a veil to the head of the bed and around her neck. Efforts to revive her were fruitless.

Coroner G. W. Wright held an inquest to inquire as to the cause of death, the jury consisting of F. L. Sharpe, foreman; E. B. Wiswell, John DeSilva, Mathew Harmon, James Samples and J. W. Woods, clerk. A verdict was returned that Mrs. Lyman had hanged herself to her bed while temporarily insane and the management of the institution was exonerated from all blame. The witnesses examined were Dr. E. L. Crouch, superintendent of the sanitarium; Mrs. Bessie Flynn and Miss Ruth Waite.

Mrs. Lyman came to the institution from Harvall, and is survived by her husband, John Lyman and two children. The remains were taken to the Reynolds undertaking establishment and the husband arrived in the city last night. The remains will be taken to Harvall this morning for interment.

MATRIMONIAL

Downing-Rust.

Albert Downing and Mrs. Martha Rust, both of Alexander, came to the city, Thursday and were married at the court house by Judge Brockhouse. This is the groom's second marriage and the third venture for the bride. They will reside in Alexander.

Tulpin-Grant.

Bright Tulpin of Franklin and Miss Mary Grant of this city were married Thursday evening at 6:30 o'clock by the Very Rev. J. W. Crowe of the Church of Our Savior at his residence. Miss Nellie Grant, sister of the bride, and John Mackey were the attendants.

The bride is the daughter of Mr. and Mrs. Philip Grant, of 724 East North street, and has been employed by the McCarthy-Gebert Cigar company. The groom is the son of Mr. and Mrs. H. M. Tulpin of Franklin. He is engaged in the harness business with his father.

After the ceremony the young people went to the home of the bride, where supper was served to a number of relatives and friends. They left on the 8:28 Wabash for Springfield for a short wedding trip, after which they will reside in Franklin, being at home to their friends after the first of June.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

EVIDENCE OF WAR TIME TRAGEDY FOUND IN SOUTH

Strange Discovery Made By Workmen While Excavating for Foundation at Murphysboro, Tenn.

The following story is taken from a southern paper and relates a strange tragedy of war times:

"A post hole dug in a vacant lot in Murphysboro, Tenn., gives up evidence of a war time tragedy, the hasty burial of a dead soldier, and a strange assortment of articles, including military accoutrements and other things not usually interred with the body of a dead soldier.

"In the forenoon while workmen were engaged in digging holes for posts for a barn on the lot of R. F. Overall & Co., coal yards, near the passengeer depot, Jack Vaughan, the contractor, discovered a bayonet standing in a vertical position about 12 inches beneath the surface. He drew the weapon up and observing that it was a perfectly good one, but rusty, he decided to make further investigation. After digging the length of the bayonet deeper in the earth and enlarging the hole the following other articles were unearthed: Four other bayonets, all lying in a horizontal position; the visor of a military cap; a china cream jug about six inches high, with the English coat of arms, and underneath the name, 'Edwin Walley'; a small shaving cup, a large shoe heel, considerably worn on one side; the remains of what appeared to have been a large metal pan or dish; 987 minnie balls, lying in piles just as they were left when the metal boxes in which they had been packed for shipment had rusted out and spilled them. These bullets are ounce ball, such as were used in the Minnie rifles of the civil war. The lead weighed 110 pounds, but dirt had filled the hollows that had formerly been filled with powder and that added some to the weight.

"A drum stick made of lignum vitae, in remarkably good condition, was lying with the bayonets. Among this strange assortment were five champaign bottles, two of which were about two-thirds full of fluid, but the stopers had rusted or decayed to such an extent that it was impossible to determine whether the bottles contained the original article or not, and no one here, even in an intensely 'dry' town, could be found willing to test it. Stanley Overall, of the firm, emptied the contents of both bottles.

"The earth, about three feet below the surface, was of a dark mold, and indicated clearly that a human form had fallen back into its original element. There were numerous human bones in the pit, but they were badly decayed, except a shoulder blade, that was in a good state of preservation.

"The grave is about 150 yards west of the line of the Nashville, Chattanooga & St. Louis railroad and probably 200 yards northwest of the passenger station. The indications are that the body of the soldier, for such no doubt it is, was hastily dumped into a hole rather than a grave, but why the other articles were interred with the body will forever remain a mystery.

"The visor of the cap would indicate that the man was a federal soldier, as the confederates did not wear caps, but soft hats, when they could get them. Many persons viewed the excavation out of which the articles were taken and surmises as to the ways and whereofs of the burial, the period and idea of interring such a conglomerate assortment of articles with the body of a human being in a civilized country, were rife. Several persons requested the Overall firm to pursue the investigation further, believing other interestin developments would result, but the work is pressing and the firm declined to accede to the request."

FRANKLIN.

Mrs. T. C. Hill and Mrs. George Cowhick of Winchester spent Tuesday night at the home of Mrs. Sarah Hill, being on their way to Waverly to attend the annual session of the 22nd District Assembly of the Rebekah lodge, of which Mrs. Hill is president.

Miss Maude Hulse left Monday for her home at Fowler, Ill, having finished her term of school as teacher in the local high school.

Miss Lucile Olinger of the I. W. C. spent Saturday and Sunday with home folks.

Mr. and Mrs. Henry Wiley of Buffalo, Ill., came down Saturday to attend the alumni reunion and banquet

Eugene Hart of Virden spent Sunday with his parents, Mr. and Mrs. J. M. Hart.

Miss Winona Hilll of Winchester is a spending a few days with her grandmother, Mrs. Sarah Hill.

Miss Maude Anderton, noble grand of the local Rebekah lodge, has gone to Waverly to attend the assembly.

Miss Bessie Hart has been engaged as teacher of the fifth and sixth grades in the public schools.

Miss Mary Wright is spending this week with her sister, Mrs. Arthur enderson of Jacksonville.

AN APPEAL TO WIVES

You know the terrible affliction that comes to many homes from the result of a drinking husband or son. You know of the money wasted on "Drink" that is needed in the home to purchase food and clothing. ORRINE has saved thousands of drinking men. It is a home treatment and can be given secretly. Your money will be refunded if, after a trial, it has failed to benefit. Costs only $1.00 a box. Come in and get a free booklet and let us tell you of the good ORRINE is doing. Armstrong's Drug Store, southwest corner of square.

FEAST OF CORPUS CHRISTI

New York, May 22.—In all the Catholic churches of New York special services were held today in commemoration of the feast of Corpus Christi. The program embraced the celebration of mass, the procession of the blessed sacrament and the rendition of music selected especially for the occasion.

The feast, which celebrates the institution of the Eucharist, formerly fell on Thursday in holy week, but as the Catholic church observes the passion of Christ on that day the early dignitaries changed the date of the feast.

The blessed Juliana, a holy religious saint of Liege, Belgium, in the eleventh century, according to the Catholic version, believed that she had seen a vision enjoining her to influence the ecclesiastical authorities to establish such a feast. In 1230, when she became the head of an order, she consulted several theologians and church dignitaries about the vision, with the result that the archdeacon of Liege, who afterward became Pope Urban IV, became interested and an office was composed.

In 1246 Robert, bishop of Liege, ordered a day set apart for especial observance in his diocese. After Juliana's deathh Henry, the next bishop of Liege, petitioned Urban IV. to establish the feast as a universal one, which that pope did by a bull issued in 1264. Since that time the feast has remained a universal one, and is so celebrated.

SLATE PRODUCTION.

The slate production of the United States is practically confined to the northern part of the country. Although scattered deposits, more or less developed, occur elsewhere, the eastern state is shipped to supply markets in the western coast as well as in the central and southern parts of the country. Pennsylvania is the greatest producer.

INCREASE IN SAND-LIME BRICK

Manufacture of Nearly 175,000,000 Bricks Reported by United States Geological Survey.

Nineteen twelve was a good year for the sand-lime brick industry.

The value ofthe output of sand-lime brick in the United States last year, according to figures compiled by the United States Geological Survey, was $1,170,884, compared with $897,664 in 1911, an increase of $273,220. The 1812 production was slightly greater than that of 1910, which was valued at $1,169,153, and only 4.48 per cent less than that of 1907, the banner year in the industry.

The total number of this comparatively new kind of brick manufactured in 1912 was 174,361,000, of which 164,140,000 was common brick and 10,221,000 front brick. Michigan continued in 1912 to be the leading state in value of output, its product constituting 24.54 per cent of the total value of all sand-lime products in 1912. New York was second in value of product, as in 1911, reporting 10.99 per cent of the total. Florida was third, displacing Minnesota, which fell to fourth. Eight State—California, Florida, Idaho, Indiana, Michigan, Minnesota, New York, and Wisconsin—showed an increase in 1912, and three—New Jersey, Pennsylvania, and South Dakota—showed a decrease. Michigan showed the largest increase, $77,392; Florida the second and New York the third. In 1911 only two State—New York and Wisconsin—showed an increase.

The average price per thousand for common sand-lime brick was $6.45 in 1912, compared with $6.09 in 1911 and $6.36 in 1910; forf front brick it was $10.41 in 1912, against $9.53 in 1911 and $10.90 in 1910.

Outlook for Industry Considered Bright.

The sand-lime brick industry has been established in the United States only a little over 10 years and during that time has passed through many vicissitudes. Many plants have been erected where market conditions were not propitious and others were suitable materials were not available; others, although conditions and materials were satisfactory, failed for want of technical skill or because of the management. During 1912 some of the abandoned plants were taken over by skilled men, were remodeled in accordance with the latest developments, and are now being operated successfully. The prospects for 1913 are considered bright, the future of the industry seems established, and a steady growth may be expected.

A copy of the Survey's report on Sand-lime Brick may be obtained free on application to the Director of the Geological Survey at Washington, D. C.

PUPILS' RECITAL.

Pleasing Program Given by Students of the Woman's College.

The following program was given by students of the music department of the Woman's college in Music hall Thursday afternoon at 4:15 o'clock:

Danse Allomande ..... Scheilman
Mary Ator.

Elva Brown.

Wenn die Rosen Bluhen ..... Reichardt
Phyllis ..... Logan
Johanna Onken.

Spinning Song ..... Mendelssohn
May Bigger.

Gavotte Moderne ..... Tours
Hallio Clem.

Dear Little Hut in the Rice Fields ..... Brascombe
Nora Alexander.

Sonata, Op. 31, No. 2, 1st movement ..... Beethoven
Marie Christie.

LABOR NOTES.

There are 52,488 women employed in gainful occupations in Washington, D. C.

The Wireless Operators' union of San Francisco was recently organized.

Two-thirds of the adult males in New Jersey earn less than six hundred dollars a year.

The state labor bureau of Illinois furnished jobs to seventy thousand persons last year.

Altogether 2,250,000 British workers are insured by the state against being without employment.

The bakers of London, England, have obtained a minimum wage of $7.50 a week and shorter work days.

The 31 st annual convention of the Minnesota Federation of Labor will meet in St. Cloud, June 16.

The Building Trades Labor Temple Association of Marion County, Indiana, has been incorporated, its object being the erection of a labor temple in Indianapolis.

A 10 hour law, fixing the maximum time that any person may be employed in a mill, factory or monufacturing establishment, will become effective in Oregon on June 3.

There is a growing solidarity among women wage earners in France and there is every reason to believe that the average wages paid will be materially increased during 1913.

The Farmers' Union has been making a study of the conditions of farm laborers in the United States. According to the federal census reports, farm wages in the United States average $20.81 per month with and $29.58 without board.

Sheet-metal workers have received notice to the effect that at the next meeting of the international body a move will be made in the direction of establishing somewhere a home for all disabled members of the craft, along the lines of the homes established by other crafts.

Mayor Marx of Detroit plans to issue a proclamation telling the people that the stret railway company has no rights on the streets, where franchises have expired, and that they shall pay only three cent fares. He is asking that the $250,000 motor bus appropriation be changed to read for moter busses or storage battery cars.

Since the workmen's compensation employers' liability act went into effect a little more than six months ago, in Michigan, the average number of fatal accidents to employes of persons, firms, partnerships and corporations in Michigan has decreased from two a day to three every day. This means a decrease of 25 per cent.

One in ten of all wage earners employed in the manufacture of cotton is under 16 years of age, according to the bulletin of manufactures recently issued by the census bureau. The National Child Labor committee points out that the textile industries are still the largest employers of children in factories, for this same bulletin, based on the census of 1910, shows 40,221 employed in the manufacture of cotton goods, 11,111 in hosiery and knitting mills, 9,942 in the woolen and felt industry and 8,143 in silk factories; 11,035 workers under 16 are engaged in canning and preserving and 78,951 are scattered among 77 other manufacturing industries.

KING'S DAUGHTERS AND SONS.

Indianapolis, May 22—The annual state convention of the King's Daughters and Sons was opened in this city this afternoon, with headquarters of the Central Christian church. Miss Margaret S. Vesey of Fort Wayne presided. Delegates representing 60 local branches of the society in Indiana were in attendance. The convention will conclude tomorrow.

METAL OUTPUT OF VIRGINIA

Slight Increase in Silver and Copper Production, but Decrease in Gold, Lead, and Zinc in 1912.

The value of the mine production of gold, silver, copper, lead, and zinc in Virginia in 1912, according to H. D. McCaskey, of the United States Geological Survey, was $74,855, against $169,394 in 1911. There were sold or treated 5,790 short tons of ore (against 17,782 tons in 1911), yielding (with gold placers and mine waters producing cement copper) $218 in gold, 982 fine ounces of silver, 112,835 pounds of copper, 497,235 pounds of zinc (figured as spelter), against $3,064 in gold, 21 ounces of silver, 90,000 pounds of copper, 830,542 pounds of lead, and 2,064,818 pounds of zinc in 1911. The values, besides that of gold, in 1912 were as follows: Silver, $604; copper, $18,618; lead, $2?,106, and zinc, $34,309. All the gold yield was recovered from siliceous ores in 1912, and all the silver from the refining of copper. The gold output was derived from small quartz-mine operations in Fauquier and Goochland counties, the copper from pyrite mines in Louisa and Prince William counties, and the lead and zinc from Wythe county, in southwestern Virginia.

FREE KINDERGARTEN OUTING.

The Free Kindergarten enjoyed the hospitality of Mrs. L. W. Chambers Thursday morning. The children played games on the lawn for an hour and then had a fine treat consisting of ice cream cones and cookies. The morning was one of much pleasure both for the children and for the older ones who had the privilege of watching them.

The Kindergarten closes its work for the year next week after a very successful season. It is a matter of congratulation that Miss Clara Belle Hopper, who has so effeciently conducted the Kindergarten this year is to be its teacher again next season. Her unselfish devotion to the larger aspects of the school work and her ability as a teacher have kept the school on its high plane of efficiency.

GOLD PRODUCTION IN ALABAMA IN 1912.

The mine production of gold in Alaska in 1912 was 809.02 fine ounces, valued at $16,724, against 915.06 fine ounces, valued at $18,916, in 1911, according to H. D. McCaskey, of the United States geological survey. The silver output (entirely from gold ores) was 168 fine ounces, valued at $103, in 1912, against 171 ounces, valued at $91, in 1911. No placer gold was reported from Alabama in either 1912 or 1911 and the precious metal output of the state was mainly that of the Hog mountain or Hillabee imne, in Tallapoosa county, although the Tallapoosa mine, in the same county, and the Storey mine, in Talladego county,, also poduced some gold The gold and silver output was all derived from siliceous ores, chiefly by cyanidation, 5,693 short tons of these ores being treated in 1912, with an average recovery of $2.96 a ton, against 6,360 tons in 1911, with a recovery of $2.99 and 9,763 tons in 1910, with a recovery of $3.41.

ASSOCIATED HARVARD CLUBS.

St. Louis, May 22.—The Harvard crimson is the prevailing color in St. Louis today, because the Associated Harvard clubs are holding their 17th annual convention here. Graduates from the famous Cambridge institution are in attendance from every part of the country. The program began at noon today with a luncheon at the Hotel Jefferson. The principal feature of the meeting will be the banquet tomorrow night. President Lowell of Harvard, Major General Leonard Wood, U. S. A., H. A. Leckley of Oklahoma, and Secretary of Agriculture Houston will be among the speakers.

Davenport, Ia., May 22.—Davenport-Springfield, no game; cold weather.

BROOKLYN-PIRATES BATTLE DEGENERATES INTO A FARCE

Klem Continues Game in Downpour of Rain Until Sixth, When Score Favors Pittsburg, 1 to 0.

Brooklyn, May 22.—Today's game between Broklyn and Pitsburg degenerated into a farce because of Umpire Klem's determination to continue the game in the face of a pelting rain. The crowd weathered the storm until the Pittsburgs had the bases full and nobody out in the first half of the fifth and then rushed out on the field. In order to prevent a forfeited game the management permitted the invaderes to take seats in the grandstand. In the sixth inning Umpire Klem finally called the game when Stengel after reaching first on ball attempted to steal second slid 15 feet in the mud beyond the bag and was tagged out. After a delay of thirty minutes the game was called back to the fifth inning, Pittsburg winning by 1 to 0. The game was protested by Manager Dahlen.

Captain Daubert was to day suspended for three days for protesting decisions on Wednesday.

The score:

Club:	R.	H.	E.
Pittsburg ..... 000 01—1	3	0	
Brooklyn ..... 000 00—0	3	1	

Batteries—Cooper and Simon; Curtis and Miller.

PLANK HOLDS DETROIT TO THREE SINGLES, WINNING 7 TO 0

Only Game of Series Captured From Tigers by Philadelphia.

Detroit, Mich., May 22.—Eddie Plank held Detroit to day to three singles, struckout the entire side in the fourth inning—during which two of the hits registered against him—and Philadelphia won by a 7 to 0 score.

It was the only game of the series that the visitors captured and it is the only series they have lost thus far this season.

Until the ninth inning, Cobb had his third successive perfect day at bat. Then Baker captured his foul after a hard run.

Cobb walked in the second and sixth and singled in the fourth inning.

The score:

Club:	R.	H.	E.
Philadelphia .100 420 000—7	8	0	
Detroit ..... 000 000 000—0	3	1	

Batteries—Plank and Lapp; Zamloch, Hall and Stanage.

BROWNS SPLIT FOUR GAME SERIES WITH HIGHLANDERS

Shut Out Visitors 7 to 0—Stone's Good Pitching Backed By Clever Fielding.

St. Louis, May 22.—St. Louis split the four game series with New York by again today shutting out the visitors 7 to 0. Stone's good pitching was backed by clever fielding and the break in the luck. Score:

New York ..000 000 000—0 6 3
St. Louis ...001 031 02*—7 10 1

Batteries—Clark, Klepfer and Sweeney; Stone and McAllester.

MILLIKIN HURLER INJURED; WESLEYAN WINS 4 TO 3.

Bloomington, Ill., May 22.—Wesleyan baseball team defeated Millikin of Decatur to day 4 to 3. In the seventh a batted ball hit Walraven, Millikin's pitcher over the right eye, cutting a long gash, and putting him out of the game.

RUSSELL PROVES TOO MUCH FOR CHAMPIONS

CHICAGO WINS FINAL FROM BOSTON, 2 TO 1.

Sox Twirler Pitched Fine Ball in the Pinches But Weakened in the Ninth When Visitors Get Only Run.

Chicago, May 22.—Russel proved too much for the world's champions today and Chicago won the final game from Boston 2 to 1. Russell pitched fine ball in the pinches but in the ninth inning he weakened and the visitors prevented a shutout when a double and single netted one run.

It rained intermittently from the second inning. Score:

Bases on balls—Off Russell 4; off O'Brien 3. Struckout—By Russell 5; by O'Brien 4. Time 1:35. Umpires—Dineen and Ferguson.

BASEBALL NOTES.

The champion Lawrence team is piling up a big lead in the New England league race.

The Pirates will have to start something if they live up to their reputation as pennant contenders.

Seldom does a youngster make a better showing in the major leagues than has Pitcher Ray Keating of the Highlanders.

Mike Donlin, who is on the Phillies' reserve list, says that he would like to have another trial with the Giants.

Johnny Kling's fancy backstopping and batting should help Joe Tinker's Reds slap one on the enemy now and then.

Pitcher Cliff Curtis, a veteran of many campaigns, is helping the Brooklyn Superbas climb the ladder by clever work on the slab.

Charley O'Leary is doing great for the Cardinals in Hauser's place at short.

In only two of the first 22 games did Eddie Collins of the Athletics fail to make a hit. He is leading the American league in batting.

Clark Griffith's Washington Climers ran into a snag on their western trip, but came right back and are still out to cop the muslin.

The St. Paul team leads the American association in club batting and stand second in club fielding, but is having its troubles in keeping out of the cellar at that.

Briscoe Lord, who helped the Aathletics win a world's championship, is back in the show, this time with the Boston Braves. He was with Baltimore last season.

Little old jinks has fallen off the fence into the Cleveland ball yard. Just as the Naps began to show some class Manager Birmingham broke a leg and Lajoie spilt a finger.

Manager Jennings of the Tigers will try out a new first baseman, Mr. Pipp from Kalamazoo. It is said Mr. Pipp was a considerable ball player in the Southern Michigan league.

While the Cubs were playing in New York recently, Charley Murphy, the Cubs' boss, appeared at the Polo grounds decked out in gorgeous scenery the likes of which Gotham had never seen before.

"Big Ed" Walsh was in 60 games last season, but he is not feeling well this spring and Manager Callahan fears that Ed will not be able to take part in more than 58 or 59 games this year.

Duffy Lewis, the Red Sox left fielded, has a great throwing arm. In a recent game in Detroit Duffy doubled up a man at first base, and later in the same game he got Ty Cobb at the plate.

So far this season the Phillies have been the hardest team for National league warriors to beat. And before the season opened the dope was peddled around that Dooin's crew would never see the first division.

Now comes the news that Kewanee is about ready to quit and that Rock Island will take the vacancy thus caused. Kewanee is too small a town for the Central and the boosters up there have turned knockers since the team began to go back. Bets are freely offered the the Boilermakers will strike by Saturday. Clinton is after the Monmouth franchise. The attendance at the Maple City has been very poor, so they say.

ILLINOIS WINS FROM LOMBARD

ANNEXES GAME BY SCORE OF 4 TO 1.

Wheeler Pitches Superb Ball and Is Given Gilt Edge Support—Will Play Williams and Vashti To Day.

(Special to Journal.)

Galesburg, Ill., May 22.—Lombard college met defeat for the second time this season here to day at the hands of Illinois college, the score being 4 to 1. Wheeler was in the box for Illinois and proved a puzzle to the local batsmen, who only secured three hits off his delivery.

Lombard's only run came in the third on a hit batter, a single and by the use of the squeez play.

Illinois scored in the fourth inning on Wheeler's three bagger and Darragh's single. Three more runs were made by the visitors in the seventh on Pierce's single, base on balls, Gary's sacrifice, a fielder's choice and Apple's double.

The features of the game were Wheeler's pitching and Stewart's one hand catch of a long fly with bases full. Apple was the star hitter of the game getting two singles and a double.

Illinois team left here tonight for Aledo where they will play Williams and Vashti college Friday.

The score:

Club:	R.	H.	E.
Lombard ....001 000 000—1	3	3	
Illinois .....000 100 300—4	8	3	

Batteries—Trumpy and Stream; Wheeler and Darragh.

Notes and Comments on Lombard-Illinois Game.

Wheeler is without doubt one of the best college pitchers in this section if not in the state. This is said with all due respect to the other well known boxmen. A freshman does not often win his spurs from the get away as this young fellow is doing.

* * *

As usual Darragh was there when needed. His clean single brought Wheeler with the run necessary to tie in the fourth.

* * *

Apple is bearing our contention that he is entitled to a place on the All-Illinois minor college team. Two singles and a double in one game is a star performance.

* * *

Pierce is developing into as good a base ball player as he is at foot ball. Fans remember the brilliant run he made in the game against Lincoln on Thanksgiving day. He has plugged up the hole in the outfield all right.

* * *

Wheeler will have a task on his hands if he is sent in against Williams and Vashti to day. The Twins are out for revenge for the beating he gave them a week ago on the local damond. If he can stand the strain of pitching two hard games in succession he will be a wonder for sure. Harmon will doubtless start Atchison and call on Wheeler if the enemy gets to Ateh.

* * *

To day's game will be a real test. The one at Carthage did'nt count. It simply demonstrated that the Mormons are better mud horses than Illini.

GIANTS TRADE AMES, DEVORE AND GROH TO REDS FOR FROMME

New York and Cincinnati Deal Completed and Exchange Will Be Made at Once.

New York, May 22.—The New York and Cincinnati clubs of the National League to day completed a deal whereby the Giants gave Pitcher Leon Ames, Outfielder Devore and Infielder Groh to the Reds in exchange for Pitcher Fromme.

"Ames and Devore have been of little use to the club during the past three years" said Manager McGraw, "and I believe they will play better ball with the Reds. Groh is a good fielder and a consistent hitter but I could not find a regular berth for him."

Fromme will report to the Giants at the Polo Grounds tomorrow morning and the trio of late Giants leave for Philadelphia tonight to join the Cincinnati cub.

JOHNSON DEFEATED FIRST TIME THIS SEASON VIA NAPS

Cleveland Gets Thirteen Hits Off Senators' Star Twirler—All Runs Were Earned.

Cleveland, O., May 22.—Walter Johnson was defeated to day for the first time this season by a 5 to 0 score at the hands of the Cleveland team. His record of ten straight victories against every other team in the league was broken in his first appearance for a full game against Cleveland.

Thirteen hits were made off him. All of Cleveland's runs were earned. Left Fielder Graney got two singles and a triple in four times at bat.

The score:

Club:	R.	H.	E.
Cleveland ...100 110 02*—5	13	0	
Washington .000 000 000—0	6	2	

Batteries—Steen and O'Neil; Johnson and Ainsmith.

"DOC" WHITE INJURED.

Chicago, May 22.—Pitcher "Doc" White of the Chicago American League team was severely injured to day when he was hit on the right fore-arm by a ball thrown by C. Smith another pitcher. His arm was not broken but he will be unable to play for a few days.

Growing Children Need Good Bowels

Give a Mild Laxative Occasionally to Insure Regular Bowel Action.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Sprup Pepsin at night on retiring and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally. Mrs. Henry Babler, Van Dyne, Wis., writes that her little son, Melvine Babler, was constipated most of the time until she gave him Dr. Caldwell's Syrup Pepsin. Since using this remedy he has never been constipated.

MELVIN BABLER.

The use of Dr. Caldwell's Syrup pepsin will teach you to avoid cathartics, salts and pills as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

ELBERT HUBBARD SAYS:

"A Drinking Man's Mind is an Unchained Wild Beast."

From the standpoint of real benefit to humanity, Mr. Hubbard's latest book will prove to be the greatest and grandest book of his life.

In this book Mr. Hubbard draws a pen picture of the darkened home, the suffering helpless wives, mothers and innocent children, the inebriates, wrecks and derelicts found in every community — all caused by the use of intoxicating liquors.

He tells the pathetic life story of a dear friend's fight against the alcoholic demon, of his rescue and perfect cure in three days by the Neal Treatment, and of the results of his personal investigation and knowledge of the grand work of the 60 Neal Institutes now established in principal cities.

A copy of this book with full information will be furnished free upon application to the Neal Institute, Springfield, Ill., Laurel Ave. and Country Club road, 'phone Main 6868 or Chicago, Ill., No. 811 E. 49th street, 'phone Oakland 439, or Auto 72-099.

POULTRY CULTURE.

Basis of the Business—Wise Use of Capital.

The foundation factors of poltry keeping as a business, whether on a large or smal scale, are the same as those of ther branches of agriculture. They are land, capital and labor, and we add a fourth factor, "brains."

Land, Capital, Labor—Land provides a place for keeping fowls. Capital is somtimes defined as stored up labor. Labor is the great factor in poultry farming. Success depends upon the economical and effective labor done in the poultry plant.

Wherever practical labor saving appliances should be purchased and used to reduce the working expense of the plant. The quality of the brains which plan and direct the operations usually decides the fate of the business. Intelligent attention to all details in starting and developing the undertaking will save waste of land, labor and capital.

Whole Souled Devotion—It is certainly a fortunate condition which needs poultryman devoting not only his own capital, but also his undvided labor of mind and muscle to the winning of success in his chosen calling.

Small Beginning—The best plan in the poltry business, as in most other kinds of business, is to commence on a smal scale involving only reasonable amounts of land, capital and labor. From this small beginning the poultry plant may be gradually enlarged along the most advantageous lines as indicated by the results secured in the particular location and under the peculiar conditions which surround the undertaking.

Fixed and Floating Capital—Fixed capital is the funds invested on land, buildings, water works, drainage, live stock, etc. Floating capital is the funds used to purchase tools, machines, feed, supplies and labor.

The floating capital must be so managed as to secure a return for itself and earn an interest on the fixed capital. Here is the reason for not investing too extensively in land. It also explains why the buildings should be constructed simply and economically, if the poultry plant is to become a paying investment and not an expensiveplaything.

Wise Use of Capital—If the fixed portion of a given total of capital is too large the poltryman has not sufficient funds available for purchase fo feed in large quantities when it is low in price, or to take advantage of discounts for cash.

Do not spend a dollar unnecessarily. Study economy of capital and labor. On the other hand spend freely and wisely to secure convenience and saving of labor. Here is where the poultryman must decide and upon good judgment exercised will depend the results—A. A. McKeene, Secretary, Illinois Farmers' Institute.

DECREASED GOLD OUTPUT IN SOUTH CAROLINA.

The mine production of gold in South Carolina in 1912 was 848.26 fine ounces, valued at $16,915, according to H. D. McCaskey, of the United Stats geological survey. The small silver output of 47 ounces, valued at $29, was entirely recovered in refiining the gold produced. The total value of the gold and silver yield was $3,470 less than that of 1911. The production given for 1912 was reported from five small placers and seveen deep mines, the latter including the well known Haile mne, the largest producer of low grade gold east of the Homestake in South Dakota. The total tonage treated in South Carolina in 1912 was 12,358 short tons of siliceous ores, with an average recoverable value of only $1.34 a ton, against 9,302 tons in 1911, with an average recovery of $2.17.

ON THE SIDELINES.

The Donahue family is once more represented in professional base ball; a younger brother of the late "Jiggs" Donahue having signed to play short stop with Davenport.

* * *

Frank Chance has batted against all the best left handers in the major league and gives it as his opinion that Eddie Plank is the hardest man who delivers from the south side that he ever faced. Up to now he had considered Rucker the king of them all.

* * *

The one big sensation in National League ranks so far has been Stengel, the Brooklyn find. He is considered one of the best natural hitters that ever donned a Brooklyn uniform. And that club has had quite a few top notch batters in its day.

* * *

Hall, the twirler making such a good showing with Jenning's Tigers, comes from Omaha in the Western League. He won 15 and lost 9 games with the Westerners and it was this excellent showing that secured him a show with the majors. He seems to have cinched his job with the Tigers.

* * *

How about there being nothing in a name? Quincy has picked up a new outfielder whose handle is Speed. Here's hoping he lives up to his name.

* * *

Big Chief Bluejacket has an added incentive to good work. A little papoose has come to enlighten the Chief's wigwam. Mrs. Bluejacket was formerly Miss Pito, of Pekin. She and Chief were married two years ago in Oklahoma.

* * *

The Three-Eye is a good recruiting ground for the big league clubs. Former members of the former now in the big ring are Doyle, Hartley, Schupp, Groh, Wilson and Crandall, with New York; Cutshaw and Stengel, both playing sensational ball for Brooklyn; Willis and Hildebrand are with the St. Louis Cardinals; Viox is with Pittsburg; Bill Kelly, O'Toole's battery partner, was once with Springfield; Art Phelan, the Cub's utility man, was once with Kawanee in the Central Association; Neal and Nunamaker are with Boston; Schaller, Berger and Schalk are stars with the White Sox; Ray Chapman, once with Davenport, is one of the sensations with Cleveland; Bob Veach, of Peoria is with Detroit, and the greatest of them all, Dan Moeller of Deuatur is with Washington.

* * *

Jasper's strongest point seems to be the one that made Rube Waddell famous, strike outs. To date he has averaged eleven strikeout to a game. Whether Chicago will take him or not seems to be problematical The price asked, $12,000, seems to be prohibitive.

* * *

"Dummy" Taylor, once a star twirler for New York, in McGraw's early days as a manager, has been unconditionally released by New Orleans and is now trying to hold a berth with Topeka in the Western league. How those old timers do hate to leave the game.

* * *

Another one time famous player has crossed the Styx. This time it is "The Only" Nolan. In his day Ed Nolan was one of the greatest pitchers that ever faced a batter. He and Mike Kelly and Jim McCormick were boys together over in New Jersey and left that state to seek fame on the diamond. Nolan was the first to become well known and now is the last of the famous trio to go. He has been a policeman in Newark for many years and was well off at his death.

* * *

Joe Tinker has refused to waive on Otis Crandall so McGraw has to keep the doctor on his staff for a while longer. Also if Chicago asks waivers on Reulback it is said that Joe will put in a claim for the one-time Cub star. Meanwhile his pitching staff is not showing anything extra. Johnson was the latest to go back on him. But it is believed that the Indian is all right in spite of his bad showing Wednesday at Quakertown. Most any pitcher would get it from those Phillies right now. Even the great Mathewson holds them in awe.

* * *

The veteran Babe Adams is pitching the best ball of any of the Pirate pitchers. Hendrix is a big disappointment. This is the pitcher who held out and demanded a big boost over last year's figures. He didn't get it and maybe that's one reason for his poor showing.

* * *

Of course Johnson couldn't go on winning day after day, especially since Griffith has been using him as a relief pitcher almost every other game. Looks something like a case of overwork. But Cleveland deserves the honor of breaking his winning streak and no one is going to try and belittle them. All the more to their credit.

* * *

Umpire Klem continues to make an exhibition of himself. Guess Chicago wasn't far wrong when they pronounced him the worst in the business. It will be a lay off for him ere long unless he braces up.

* * *

Hard on Brooklyn to lose that game yesterday and harder still to lose the services of Daubert. The Dodgers have slipped badly and need their full line up in order to maintain their place in the running.

* * *

Plank pitched one of his old time games against Detroit, and if he is going to pitch like that for the rest of the season the Athletics should soon become dangerous. It was the weakness of the pitchers that cost them too many games lately.

* * *

Chance will not take his team to Bermuda again. He says the climate is too mild and moist. All his pitchers have been bothered with sore arms and the Peerless Leader traces the trouble to the Bermuda climate. He will stick to Uncle Sam's dominions like a good American hereafter.

* * *

Score another for Tex Russell the best young pitching find of the year. If Benz and Lange will only do their share the Sox will yet cut considerable ice.

* * *

Cobb has started out as if he intended to take both the batting and base stealing honors of the American league. He is playing like a veritable demon.

* * *

Ban Johnson has reached a decision in the Stovall case but is not ready to make it public yet. Probably waiting for the approval of the national commission. Stovall will probably draw a heavy fine and suspension. It is freely predicted that he will be restored to the management of the Browns. These Browns have done pretty well in the absence of the chief. Far from going to pieces and hitting last place they have more than held gait and made the other fellows hustle to win.

* * *

Frank Boyle has signed a new third baseman who should be enrolled in B. L. T.'s gallery of immortals. He goes under the cognomen of "Krazy" Katz. He should show some thing as a fe-line hitter.

* * *

Cravath made a great record at Philadelphia against the Cincinnati team. He is the former Minneapolis player that so many clubs were after a few years back. And at one time Philadelphia wanted to let him go back. Guess not now.

ALFALFA ANALYZED.

The Plant Draws Heavily Upon the Mineral Substances Which are Necessary For Its Growth.

The adaptability of the alfalfa plant to various conditions of soil and climate renders it of great importance to Illinois farmers. Alfalfa thrives best on soil well supplied with carbonate of lime, but a deficiency of calcium carbonate is not the only factor which limits the growth and yield of this crop.

It is recognized that the composition of any crop, so far as the mineral elements are concerned, does not represent the amount of the different substances the plant may have assimilated from the soil during its growth; for it has been clearly demonstrated by different investigators that considerable amounts of potassium, phosphorus and nitrogen are removed by rain and dew. The amounts which are removed from the soil, however, will be fairly represented by the composition of the plant if the samples of their crop are taken at the time of harvesting.

Under the direction of Prof. C. G. Williams of the agronomy department of the Ohio Agricultural experiment station the analysis of the alfalfa plant shows that nitrogen is present in the largest amount, followed by potassium, calcium, magnesium, sulphur and phosphorus. The station's analysis determined the fact that a 6,000 pound yield of alfalfa hay contains 163 pounds of nitrogen, 17 pounds of phosphorus, 99 pounds of potasium and 90 pounds of calcium.

Alfalfa being a deep feeder obtains a considerable portion of its mineral nutrients below the range of most other plants. When it has once established itself this is a means of increasing to some extent the phosphorus and potassium content of the upper soil stratum. Although when growing under conditions favorable for the development of the organisms which gather nitrogen from the air it increases the nitrogen supply of the soil, the fact should not be lost sight of that it draws heavily upon the mineral substances which are necessary for its growth. Phosphorus, potassium and calcium especially are removed in larger amount by an average crop of alfalfa than by any other farm crop, hence it is readily apparent that these elements must be supplied, either naturally or artificially through the soil medium for the plant to attain its maximum development. It is also readily apparent that if crop after crop of this valuable forage is removed from the land and no provision made for the return of the plant food assimilated by the plant, although there is an increase in the nitrogen supply of the soil, there will be a rapid depletion of some of the other essential soil constituents.

Crops Must Be Fed.

The Illinois Farmers' institute urges the farmer to grow more alfalfa, grow and feed more live stock and practice a well balanced agriculture, but at the same time it wishes to impress upon him the fact that plants are not made out of nothing; that to grow maximum crops of any kind they must be fed the kind of food essential to their development, and this basic fact is as fundamentally true as are the fundamental facts of mathematics. If each acre of land prepared for alfalfa receives 1,000 pounds of rock phosphate and two tons of ground limestone, and this treatment is repeated every four years, a splendid interest on the investment will accrue, and the land will be made richer instead of poorer as the years go by.—H. A. McKeene, secretary, Illinois Farmers' Institute.

RICHARD WAGNER CENTENARY.

Berlin, May 22.—The centenary celebrations in honor of the memory of Richard Wagner, the famous composer, who was born May 22, 1813, were inaugurated in various cities of the empire today and will be continued through the summer. Especially notable will be the observances in Berlin, Bayreuth and Dresden. At the Dresden Royal Opera performances of the "Ring der Nibeunger" will be given and will be attended by musicians from all parts of Europe. Another feature of the celebration will be the unveiling of a magnificent monument to the composer in one of the public parks of Dresden.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to the charm and sweetness of a pretty child, and more so to-day than ever before since the advent of Mother's Friend.

This is a most wonderful external help to the muscles and tendons. It penetrates the tissues, makes them pliant to readily yield to nature's demand for expansion, so there is no longer a period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend prepares the system for the coming event, and its use brings comfort, rest and repose during the term. This has a most marked influence upon the baby, since it thus inherits a splendid growing system of nerves and digestive function.

And particularly to young mothers is this famous remedy of inestimable value. It enables her to preserve her health and strength, and she remains a pretty mother by having avoided all the suffering and danger that would otherwise accompany such an occasion. Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a sure preventive for caking of the breasts.

You will find this splendid remedy on sale at all drug stores at $1.00 a bottle, and is highly recommended for the purpose.

Write Bradfield Regulator Co., 134 Lamar Bldg., Atlanta, Ga., and they will mail you sealed, a very instructive book for expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

ILLINOIS STATE NEWS.

To Pave Four Miles of Taylorville — The city council of Taylorville has decided by a vote of 8 to 2 to lay about four miles of brick paving during the coming year. The council also passed a park ordinance providing for five commissioners.

Chicago Girl Dies in Desert.—Miss May Allport, Chicago musician and artist, who went into the Sahara desert alone so that she might sketch undisturbed, died at Sfax, a little village on the edge of the desert, according to word received by her relatives in Chicago Tuesday. An English missionary found her ill at the inn and without medical attention. He sent her medical supplies and afterward had her removed to his own home where she died. At her own direction her body was buried in the sands at the edge of the great desert. A rare collection of jewels she had gathered were sent to her neices in Chicago.

Burlington Makes Good Showing —According to a government report just issued, the Chicago, Burlington & Quincy is rated at 10 per cent in miles of track that are guarded by block signals. The report shows that 166 miles of track are guarded by automatic block signals and 9,328.8 miles of track are guarded by non-automatic block signals. The government report is made each year in an effort to find the roads that have their entire system covered by the block signals as a safety precaution. While the majority of the larger roads are given perfect rating, some of the smaller roads have a percentage of only .2 per cent.

Hope to Get Visit From Wilson.—President Wilson is to be invited to take part in the exercises at Milliken university when Dr. George E. Fellows is inaugurated as president. President Wilson is to be in Peoria some time in October to attend a big agricultural convention there, and though no overtures have yet been made by the university authorities, it is understood that it would not be extremely difficult to get him to pay a visit of several hours to Decatur.

Shelbyville Postmaster Resigns.—Harry M. Martin, postmaster at Shelbyville, has resigned his $2,300 position, stating as a reason that he is "weary of his arduous duties." His resignation at his time will necessarily bring the appointment of his successor and the campaign of the various candidates for the office to a focus. So far as the general public in informed, the contest for preferment has narrowed down to two men—T. B. Shoaff, editor and publisher of the Shelby County Leader, and Frank Stone, chairman of the Democratic county central committee.

CARD OF THANKS.

We wish to thank our friends and relatives for the beautiful floral offerings tendered at the death of our dear mother, Antonia Lash; also wish to thank Rev. Walter E. Spoonts for his kind words of condolence.

Mrs. John W. Hall,
E. M. Lash.

LEWIS HAS HOST HUNGRY FOR PIE

Nearly 100 Democrats Ask Senator for Federal Jobs—Each Mail Brings More.

(From the Chicago Tribune).

Washington, May 21.—A guide to who's who among Illinois candidates for federal appointments under the Wilson administration was issued today from the office of Senator J. Hamilton Lewis. There are nearly one hundred Democrats on the senator's list and that is only a fraction of the actual number of aspirants.

It was explained that this roster was made up from the correspondence in the senator's files presenting the names of various candidates for preferment. Some of the candidates had not been given publicity before.

It was stated at the senator's office that every mail brings a batch of additional applications for office.

Those Who Would Serve.

For miscellaneous positions in the government service the following are recorded as candidates:

M. F. Dunlap, Jacksonville, subtreasurer at Chicago.

George Wilson, Canton, sub-treasurer at Chicago.

Irving Shuman, Sullivan, controller of the currency.

S. A. T. Watkins, Chicago, assistant attorney general.

Thomas F. Smith, Jacksonvile, assistant attorney general.

Hiram J. Slifer, Chicago, government civil engineer.

W. T. Scott, Springeld, minister to Hayti.

Charles J. Vopicka, Chicago, minister to a foreign country.

Roy Mariden, Morrison, bank examiner.

John S. Olmstead, Catlin, a consulship.

Robert E.L. Montgomery, Chicago, some special position in state department.

Morton A. Mergentheim, Chicago, secretary to French legation.

George V. McIntyre, Chicago.

William Masher Lewis, Lake Forretary to a foreign embassy.

G. E. K. Hixson, Harisburg, minisgterster to Chile.

Walter W. Goralski, Chicago, consular post in Russia or Austria.

P. J. Farrell, M. D., Chicago, governor general of the Philippines.

D. C. Deegan, South Chicago, deputy collector of customs.

George Drewry, Chicago, assistant secretary of the treasury.

H. C. Grogg, Omaha, Ill., special agent of the general land office.

Rivers McNeill, Chicago, collector of the port of Chicago.

C. M. McPherson, Mount Sterling, second assistant Indian commissioner.

W. B. Maulding, McLeansboro, superintendent of Indian agency.

E. A. Perry, Springfield, assistant attorney general.

Harry J. Furber, Jr., Chicago, minister to Italy.

Ira Nelson Morris, Chicago, minister to Italy, Spain, Belgium or Switzerland.

A. T. Brasel, Farina, court of claims judge.

Joseph B. Barricklow, Urbana, minister to a South American country.

James Wilbur Farrell, Chicago, special agent, department of justice.

John A. Logan, Elgin, United States marshal northern district Illinois.

George W. Andrews, Murphysboro, inspector of land office and surveyors.

Seek Seat on Bench.

Frank C. Smith, East St. Louis.
John M. Rapp, Fairfield.
Thomas E. Ford, East St. Louis.

Fifth district:

E. D. McCabe, Peoria.
E. C. Ladd — —

WEATHER NOT TO BLAME

It's Your Condition.

"This weather simply takes the life right out of me, I can hardly drag one foot after the other," said a run-down, -tired-out woman, the other day.

We want to say to every such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world famed tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood.

A case has just come to our attention from Vineland, N. J., Mrs. Allen T. Godfrey says: "I never fail to say a good word for Vinol, for it restored my strength and vigor after I had been in a badly run-down condition for several months. Every one who is broken in health ought to know that Vinol will build them up and make them strong."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Allcott, druggist, Jacksonville, Ill.

P. S. Our Saxo Salve stops itching and begins healing, at once.

TO HANG NEGRO FOR ASSAULT.

Washington, May 22.—Nathaniel Green, the negro whose delayed execution brought forth an organized protest from the women of Washington, will be hanged in the district jail tomorrow. Green was convicted and sentenced to death for an assault on Mrs. Adelaide E. Grant, an employe in the district assessor's office. The crime was committed last Christmas night.

Ill. Phone 1371. Your Credit is Good Here

After an absence of five years, the Great Raymond the well known 'Master of Miracles' returns to America and is holding the boards at the Grand Opera House this week with a complete change of program today.

Raymond has succeeded in making his name a household word in practically all the civilized countries. He has given more royal command performances probably than any other individual. While in India the magician established headquarters in Calcutta and Bombay and with the aid of a corps of trained American mechanics he succeeded in duplicating every one of the many wonderful mysteries of the Yogis and in fact all the different Indian fakirs. India is admittedly the home of mystery and Raymond in establishing himself in this country to build his new show made no mistake. The result of the adaptions of the high priests and the improvements thereon by American brains is that Raymond has returned to America with a show that marks a new era in American amusements.

The press of Chicago where the big mystery show was on view at the Studebaker for four weeks have devoted more space to the attraction than all other current attractions put together and Klaw and Erlanger signed the magician up for a Broadway engagement to follow a tour of the Klaw and Erlanger circuit. Raymond will remain in America until spring after which he plays return engagements on the continent. Raymond carries 70 tons of gorgeous scenery, stage settings and paraphernalia and has positively the greatest magical show on earth. Hhe has appeared before King Edward VII., King George V., Kaiser Wilhelm, Czar Nicholas, King Leopold, Emperor Franz Josef, King Emanuel, Queen Wilhelmina, King Manuel, King Alfonso, Mikado of Japan and other monarchs, and has received many decorations. His various programs and performances and vast repertoire of illusions represent in their entirety an actual outlay of $50,000 and no magical and illusion show of such magnitude was ever conceived before. He is rightly termed 'Master of Miracles and Missionary of Mirth, King of Entertainers and Entertainer of Kings.'

He holds his audience entranced from the moment he steps upon the stake till the fall of the final curtain.

Aside from his wonderful cleverness at deception Raymond possesses that rare quality, personal magnetism, and the ability to carry the crowd which adds to the actual cleverness of the performance.

A specially arranged program will be presented at the matinee Saturday for the school kiddies. Admission price for Saturday matinee is adults twenty five cents and "Kiddies" 10 cents.

A STRONG REFERENCE.

A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

LOST—Pair of glasses in Russel & Lyon case, on South East street. Please return to Hopper & Son's.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

TRADING IN STOCKS HEAVIER; PRICES RISE

HARRIMAN ISSUES LEADS UPWARD MOVEMENT.

Ease With Which Prices Were Marked up Suggested a Supply of Stocks—Assumed That Short Selling Had Been Over Extended.

(By Associated Press)

New York, May 22.—In a comprehensive upward movement which lifted the important stocks one to two points, the market today broke away from the groove it has recently followed.

Trading was heavier and the ease with which prices were marked up suggested a supply of stocks. It was assumed that short selling had been over extended and that covering was primarily responsible for the rise. Prices relapsed from the high point in the last half hour, after the most pressing demand from the shorts had been satisfied.

The Harriman stocks led in the upward movement being influenced by persistent rumors that a plan had been agreed upon for separation of the properties in accordance with the decree of the supreme court. Apparently the only basis for the report was the fact that a joint meeting was held of representatives of the Union Pacific and Southern Pacific boards. The firmness of Union Pacific recently and its ready response previously to similar unconfirmed rumors have strengthened the belief that satisfactory progress is being made in the negotiations. Considerable importance was attached to the announcement that $100,000 in gold had been engaged for export to Venezuela. The engagement was believed to mark the beginning of the outflow of gold to South America which occurs each year. In the opinion of international bankers this year movements will be larger than usual.

HEAVY PROFIT-TAKING GIVES WHEAT SETBACK

URGENT DEMAND FOR SHORTS KEEPS PIT IN TURMOIL.

Dispatches From Kansas and Oklahoma Predict a Liberal Total in Spite of Serious Damage—Corn Advances.

(By Associated Press)

Chicago, May 22.—Heavy profit-taking by longs today gave the wheat market a set back, notwithstanding that serious damage in Kansas was confirmed. The close was weak with prices raning from ⅜s net decline to ⅛c advance. Corn finished ⅜s to ⅝c up; oats at a gain of ⅛@¼c to 1c and provisions unchanged to 5c down.

Urgent demand from wheat shorts kept the pit in a turmoil the greater part of the session, more than once, the call was so inopportune that prices went to a materially higher point than yesterday's topmost level. The successive advances, however, encounted sales of such magnitude that one broken alone disposed of a million bushels for lading holders.

Final weakness in wheat resulted partly from statements that even allowing 50 per cent damage in southwest Kansas the state would still have a yeld of 100,000,000 bushels, the largest crop ever raised.

Oklahoma despatches also predicted a liberal total despite injury from dry weather. The fact that export bids had not been raised sounted, too against the bulls.

Seaboard clearances of wheat and flour equalled 579,000 bushels. Primary receipts of wheat were 536,000 bushels; a year ago, 314,000 bushels.

Corn advanced on account of big purchasing by well known speculators. They took the position that nothing but receipts here would check an advance. When buying ceased, the market slowly reacted. Many reports that crop progress was unsatisfactory lifted the price of oats

Selling credited to the big packers eased the provision market. The best demand came from pit traders, influenced by the strength of coarst grain.

CHICAGO LIVESTOCK MARKET.

Chicago, May 22—Hogs—Receipts 21,000. Market opened steady and closed 5c lower. Light, $8.45@8.70, mixed, $8.40@8.67½; heavy, $8.10@8.62½; rough, $8.10@8.25; pigs, $6.60@8.35; bulk of sales, $8.55@8.65.

Cattle—Receipts, 4,000. Market slow and steady. Calves 25c higher.

GOLD DUST

brightens the home

Nothing is so attractive as a cleanly home; nothing contributes so much to cleanliness as **Gold Dust.** No matter what it touches—china, pots and pans, floors, woodwork, clothes, etc.—it cleans thoroughly, leaves everything spotlessly clean, bright and attractive.

Don't use up all your time and strength trying to keep things clean; use **Gold Dust** everywhere you can—in all your household cleaning—and let it do the work. It works so quickly and thoroughly that really it makes cleaning a pleasure instead of a task. It makes home "sweet" home.

Gold Dust is sold in 5c size and large packages. The large package means greatereconomy.

"Let the GOLD DUST TWINS do your work"

Your Plumbing

Equipment is important. Upon its efficiency may depend the health of your household. Insure the dependability of your equipment by seeking the aid of careful and experienced plumbers. Our service in workmanship and system design is modern and efficient.

By M. T. Kennedy.

Sunday, Shikarpur, India,

We are really in the country. And it is so beautiful, quiet, peaceful and full of fresh air. It is past noon now and yet it is almost too cool here in the house. The nights are really cold for it is almost cooler than in Calcutta. We are 120 miles nearer the mountains with their snow, and then the open country is naturally cooler than the city. I suppose the weather here is very much like that in Los Angeles. This house has a fire place in it and the blaze in it felt very good to us last night after our arrival.

We left Calcutta yesterday about 8 o'clock after a hurried departure from the Slacks. About 12:30 we changed cars at a junction point and there we had a hasty tiffin ordered by the guard for us. We arrived at Bheramara about 2 p. m. and found awaiting us quite an array of carts.

For our conveyance there was a bullock cart tum tum, that is a sort of buck board drawn by bullocks. It is simply a seat over two wheels with a V shaped platform extending at the point to the yoke over the necks of the bullocks. On this little platform, in front of the dash board, squatted the driver, the "gari-walloh." To keep the beasts at a trot he had to keep up a constant process of tail twisting, goading beating and shouting. It was really quite amusing. With the first team we covered 5½ miles in surprisingly short time. At this point, a little village, Sharpe met us. He is a Church Missionary Society (Anglican) man, a young bachelor with whom we are living here. With a change of bullocks and after a cup of tea on the verandah of a little Indian house, surrounded by admiring members of the Christian community, we kept on at a better speed, the beasts proving even better travelers than the first pair.

Indeed they were so good that Sharpe decided to change at the next point so they pulled us nearly ten miles. For the last lap of the 19 miles we found a regular tum tum, a neat little trap with horse and "seis" or footman. In this Myra Bobby and Sharpe rode, while I enjoyed a comfortable going little pony that was provided for me. Sharpe had ridden up to this point, changing once. Of this last lap we forded an arm of the Ganges, a good sized stream in width but quite shallow.

Before we reached here darkness had come down quickly upon us and the last mile or so we rode in the beautiful moonlight. The whole drive was very interesting and surprisingly easy, considering the thick dust, and the springless cart on a quite rough road. The baby slept part of the time but for the last 14 miles was wide awake and seemed to enjoy himself.

All along the way we continually passed men and women, usually carrying burdens on their heads, and little villages were quite frequent. Many of the women turned and hid their faces as we passed though their curiosity was often too strong for their prudence.

The entire road we travelled was built two years ago by famine sufferers, a work of the government to provide employment and food.

With the coming of daylight we have been delighted with our surrounding. The house is comfortable and roomy, with verandah front and back. All about is open space, with beautiful trees near by, garden, little church, etc. In Calcutta we heard nothing but crows, while here there are a variety of song birds. Imagine our surprise to find violets around the house, regular home violets, just as they come in May. Everything is so fresh and still after the crowds and noise of Calcutta.

Tuesday, January 21, 1913.

On Sunday afternoon I went to the little church and enjoyed the Bengali service, although I could understand practically nothing. This is not a large community here and they are simply villagers who attend the service. Sharpe preached most frequently. I couldn't but wonder if I shall ever be able to use the Bengali so easly. It was a new experience to be the only white man in a service besides the minister. The Christians here live in a village by themselves near our compound. When a convert is made he leaves his Hindu village and comes over here. The work in this mission is hindered for want of men. There were originally five men where now there is only one to superintend the whole work, with outstations, etc. There is no mass movement, whole villages coming over into Christianity, here in Begal as in other parts of India.

These two days have passed quietly and comfortably. We have chota hazri at 7 a. m. or before, and I have a pundit from 7 to 9. At 10 a. m. we breakfast and I study from then until 2 p. m. After 3:30 or 4 p. m. it is delightful for walking etc. I hope there will be some tennis in time.

We are trying an "Ayah" again but Bobby doesn't like the plan very well.

Father asked about the servants. We have a hearer or a yah. The bearer does all we need to have done about the room, bed, clothes, shoes etc, and brings baby's food etc. Here we pay him Rupees 10 ($3.33) per month. In Calcutta he would get from 12 to 15 rupees. For the house here Sharpe has a cook, bearer sweeper, water carrier (for bahts, etc) and chokra, that is a young boy helper. A bearer will not do sweeper's work. Outside he needs a gardener and seis or horse man. You see servants multiply fearfully and although they are cheap the very multiplicity of them makes the expense account mount upwards.

As for water we drink well water, twice filtered and once boiled in Calcutta ater is excellent, as good or better than most U. S. cities. You would be interested in our bath room. It is a cement floored room with tin tub, lose from the floor. An immense pottery tub is kept always full of cold water and the boy brings hot water when desired. After a bath we simply overturn the tub and the water runs out a little aperture in the wall. Primitive arrangements like these become surprisingly convenient when you get accustomed to them.

Many grains here are familiar. Fields of flax are frequent, looking just as it does in Montana or South Dakota, only not so fine. The yellow blooming mustard is a regular crop here instead of weed. Oats and wheat are grown in small plots. Methods of agriculture are atiquated and ground poorly prepared.

(To be continued.)

BECOMES BISHOP OF CHARLOTTETOWN.

Bathurst, N. B., May 22.—In the Sacred Heart church this morning his excellency, Mgr. Stagni, the apostolic delegate in Canada, consecrated Rev. Henry J. O'Leary, pastor of the church, as bishop of Charlottetown. A large congregation was present at the ceremony. The consecrator was assisted by Archbishop McCarthy of Halifax, Bishop LeBlanc of St. John and several other eminent prelates of the Catholic church. The consecration sermon was preached by Archbishop McNeil of Toronto. The new bishop is a native of New Brunswick and received his education principally at Laval seminary, Montreal, and the Canadian college in Rome.

JUDGE BARHORST DOES HIS DUTY TO RHEUMATIC SUFFERERS

If you suffer from Rheumatism and don't read this advice, then the terrible disease must have robbed you of your power to be fair to yourself. Read it:

"I, John Barhorst, Justice of the Peace of McLean Township, Ft. Loramie, Ohio, do certify that after treatment by three doctors without result, I have been cured of a very and case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy and I am still as well as ever. Previous to using RHEUMA I was a cripple, walking with crutches, and I feel it my duty to let other sufferers from Rheumatism know what it will do. The result seems almost miraculous to me. I have advised RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two cent stamp is enclosed."—May 31, 1912.

You can secure a bottle of RHEUMA for only 50 cents at Coover & Shreve and if not as advertised, money back. It's just as good for Gout, Arthritis, Lumbago and Sciatica.

FELDSPAR OUTPUT VALUED AT HALF A MILLION

Production in 1912 Shows Decrease—Experiments Made on Extraction of Potash.

The production of feldspar in the United States in 1912, according to Frank J. Katz, in an advance chapter on feldspar and quartz from "mineral resources" for 1912, just issued by the United States geological survey, was 86,572 short tons, valued at $520,562, a decrease from 1911 of 6,128 short tons in quantity and of $58,446 in value. The production of crude spar was 26,462 short tons, valued at $89,001, and of ground spar 60,110 short tons, valued at $431,561. Of the total output, 1,750 short tons, valued at $17,102, was used for abrasives, and approximately 12,500 short tons, valued at $37,500, for roofing, concrete surfacing, and poultry grit. The use of feldspar of the lower grades for poultry grit, roof surfacing, and surfacing concrete work seems to be on the increase, and in 1912 small quantities were sold for experimental work on the extraction of potash.

New York led in 1912 in quantity of feldspar produced, with 22,192 short tons, valued at $101,525; Maine was second, with 19,091 tons, valued at $173,076; and Connecticut third with 19,075 tons, valued at $94,097. Other states reporting a production of feldspar were Maryland, Pennsylvania, California, Minnesota, North Carolina, Vermont, and Virginia.

Has Many Important Uses.

The principal use of feldspar is in the manufacture of pottery, enamel ware, enamel brick and tile, and electrical ware. Of these applications the most important is its use in the body and glaze of the various grades of pottery and vitrified sanitary ware, in which it constitutes from 10 to 35 per cent. Its value in pottery is that it melts at a lower point than the other ingredients and serves as a flux, binding the clay and quartz particles together. In glazes the percentage of feldspar used is higher than in the body and runs from 30 to 50 per cent. Other uses of feldspar, which do not require the high grade demanded by the pottery trade, are in the manufacture of emery and corundum wheels, where it serves as a binder; in the manufacture of opalescent glass; as a poultry grit; as a constituent of roofing material; and for surfacing concrete work. Small quantities of the purest grades of potash feldspar are used in the manufacture of artificial teeth. For this purpose it brings the highest prices—from $6 to $8 a barrel of 350 pounds. It is also used in the manufacture of scouring soaps and window wash. As a potash-bearing fertilizer ground feldspar has been used, but with results of doubtful value. Attempts are being made to extract from feldspar its content of potash. Experiments along this line have not yet developed a commercial process, but it is to be hoped that some of the efforts will be successful as the available supply of the raw material is practically inexhaustible.

A copy of the report on feldspar may be obtained free on application to the Director of the Geological Survey, Washington, D. C.

EDWARD EVERETT HALE STATUE UNVEILED.

Boston, May 22.—A statue of Edward Everett Hale, the famous Unitarian clergyman and author, was unveiled in the Public Garden today as the crowning feature of the Unitarian anniversary week. Former Governor John D. Long presided at the exercises and ex-President Taft was one of the speakers.

The statue was designed by Bela L. Pratt. It is of bronze, heroic size, and represents Dr. Hale in a long frock coat, walking, one foot slightly advanced, a heavy cane in his right hand. In his left hand he carries a soft hat. On one side of the stone base is the inscription: "Edward Everett Hale, Man of Letters, Preacher of the Gospel, Prophet of peace Patriot. 1822-1909." On other side appears a quotation from Dr. Hale, as follows: "Look Up and Not Down, Look Forward and Not Back, Look Out and Not In, Lend a Hand."

ELKS MEET AT PINE BLUFFS.

Pine Bluff, Ark., May 22.—The fifth annual convention and reunion of the Arkansas Elks' association opened here today under conditions of a most favorable nature. Members of the order from every section of the state are in attendance and in their honor the business section of the city is elaborately decorated. The two days' program provides for band concerts, an old fashioned barbecue, elaborate street pageants and other features of entertainment. A business session for the election of officers will be held tomorrow morning.

Women Want Clear Skin And Bright Eyes

No woman can have a clean skin and sparkling eyes for long if the stomach is not kept in a healthy condition.

Natural beauty creates more admiration than the kind you buy by the box.

MI-O-NA Stomach Tablets are fine for any upset condition of the stomach. They instantly relieve after dinner distress, drive out poisonous gas, stop fermentation, and make the breath as sweet as a nut.

Coover & Shreve gladly guarantees them for indigestion, gastritis or dyspepsia, for sallow blotchy skin, and that miserable feeling. Only 50 cents, that's all.

New Way Corn Cure, GETS-IT, Quick, Sure!

Never Tried It Before?—You'll Marvel How It Makes Corns Vanish.

There never was anything like "GETS-IT" for corns, and there isn't anything like it now. It is the corn

Blazes! You've No Business Having Corns. Use "GETS-IT," They'll Vanish!

cure on a new principle. Put it on any corn in two seconds; it stops pain, the corn begins to shrivel and disappears. It never fails. Simplest thing you ever saw. No fussy bandages, no greasy salves to turn healthy flesh "peely" and raw, no plasters that make corns bulge out. Your corns won't pull and hurt 'way up to your heart. Lay aside your knife and razor. No more digging and tugging and wincing, no more bleeding, no more danger of blood poison. "GETS-IT" never hurts healthy flesh; it is safe, painless, quick, simple, sure. For warts, calluses and bunions, too.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

SECOND REUNION HELD OF FIRST MISSOURI CAVALRY

Jacksonville Members of Well Known Army Volunteers Attend Recent Gathering at Alton.

The second reunion of the First Missouri Cavalry Volunteers was held at Alton, Ill., on the 21st of May, 1913, in the Moose hall. The meeting was called to order by Capt. John E. Wright, who was made chairman of the meeting. William A. Kirby was elected secretary. After an eloquent address of greeting by the chairman, the various members present were called on for remarks. Comrade George R. Sutton read the minutes of the last meeting. The various remarks by the members were pithy and to the point. Comrade S. P. Osgood said it was the first time he had seen any member of the regiment since they were mustered out nearly fifty years ago. Charles Bellville sent greetings from Fowler Calif. Comrade Geo. R. Sutton was appointed corresponding secretary, with the privilege of naming two assistants. He selected Capt. John E. Wright of Jacksonville and J. B. Rolands of Carrollton, Ill.

The following is a list of those present and postoffice address of member:

George R. Sutton, Moro, Ill.
Charles Foersterling, Dwight, Ill.
H. Mitchell, East St. Louis, Ill.
J. H. Willard, Gallispi, Ill.
Dan Meister, Carrollton, Ill.
S. P. Osgood, Quincy, Ill.
James Goemely alias James Welch, Alton, Ill.
A. Carmol, Carrollton, Ill.
J. B. Robards, Greenfield, Ill.
W. C. Goodell, Bunker Hill, Ill.
John H. Johnson, Bethaldo, Ill.
Wm. Swain, Topeka, Kan.
Joe Burnett, Sidell, Ill.
E. P. Lawrence, Carlinville, Ill.
Capt. John E. Wright, Jacksonville.
W. H. Jordan, Jacksonville.
C. R. Taylor, Jacksonville.
John Brown, Jacksonville.
William A. Kirby, Jacksonville.

RUNAWAY HORSE PLUNGES INTO MOVING TRAIN THURSDAY NOON

Animal Hitched to Woods Baggage Wagon Severely Injured—Large Hole Cut in Shoulder.

Thursday noon one of the horses hitched to the Woods baggage wagon at the Chicago & Alton passenger station became frightened and plunged into a moving freight train with the result that a large hole was cut in its shoulder.

The driver had hitched the iron weight to the horse's bridle, and the animal which is blind, became frightened and started to run. Before it could be stopped it had collided with a moving freight train and a hole about 18 inches long and three inches wide was cut in its shoulder. The wound was made within a quarter of an inch of the juglar vein and the carotid artery and the injury is quite a serious one. The animal was taken to the Woods barn and Dr. Charles E. Scott gave it the necessary attention. It is thought that the horse will recover.

AT THE GRAND.

It has been some time since so much interest was centered about the opera house, all because of Maurice F. Raymond, the wonderful magician. To acquire the skill and the happy faculty of entertaining people, such as Raymond possesses, is the work of years. His travels in all parts of the world and his presence before people of every tongue has been a wonderful hel pto him annd there does not seem to be a trick known to the profession which he cannot do with the greatest skill. In fact it is a case "of the more you look the less you see." It is humorous to hear the different comments made by visitors to Raymond's show. All are of the opinion that he is the greatest who ever visited Jacksonville. The children of the city have been keen watchers of Raymond and his entertainment is certainly high class.

LOST VALUABLE MARE.

Dr. Robert R. Buckthorpe lost his valuable driving mare Thursday morning, the animal dying from spasmodic colic.

DR. HINTON DISCHARGES HIS ASSISTANT AT ELGIN

Former Jacksonville Physician Is Central Figure in "Insubordination Case" at One of State Institutions.

Elgin Courier: Dr. Charles R. Dirks, assistant superintendent of the Elgin state hospital, was recently suspended by the state board of administration on charges of "insubordination to a superior officer, preferred by Superintendent Hinton.

A telegram ordering the suspension was received only a few hours after Dr. F. R. Merz, resident dentist, had been summarily discharged by Superintendent Hinton for talking about the action of the state board in demanding his resignation, to be effective June 1.

Creates Great Excitement.

The suspension of the assistant superintendent and the discharge of the dentist have created a furore of excitement at the state institution. Dr. Dirks, it is understood, is in line for a lucrative appointment under the Dunne administration.

Dr. Dirks declined to discuss his suspension. It followed an investigation made by Frank D. Whipp, fiscal supervisor, and Thomas O'Connor, member of the state board of administration, who were summoned by telephone by Dr. Hinton. Both the superintendent and the assistant were called before the board members and interrogated.

Declines to Discuss Case.

Dr. Dirks declined to state whether he would ask for a hearing before the state civil service commission or whether he believed the charge lodged against him is justified.

There has been friction between Dr. Hinto and Dr. Dirks since September, when Dr. Hinton preferred similar charges with the board. Both were summoned to Springfield, but no action was taken.

Asked for specific instances of insubordination, Dr. Hinton said:

"It started last September, when Dr. Dirks came to my apartments. The charges are based on his general attitude toward me, which has become more pronounced of late."

Merz Discharge a Surprise.

The discharge of Dr. Merz, the dentist, was a surprise to the hospital staff. Dr. Merz was sent by the state to the convention of the Illinois State Dental society at Peoria last week. He had repeatedly written to Dr. Frank P. Norbury, alienist of the state board, who appointed him, for a transfer to Dunning. He called on Dr. Norbury at Springfield to introduce himself and talk for a few minutes about the work at the Elgin institution, he says.

Immediately on introducing himself, he declares Dr. Norbury told him he should be ashamed of himself for writing so many requests for a transfer and should resign. He says the alienist showed him a letter he had just dictated to Superintendent Hinton which was not complimentary to himself, and left him abruptly, while the office force contemplated his predicament.

Changes Wording of Resignation.

Arriving at the Elgin state hospital Saturday morning, after Peoria trip, he said Dr. Hinton showed him a letter from Secretary B. R. Burroughs of the state board, asking for his resignation to take effect June 1. He said he prepared the resignation, substituting the words "under protest" for " of my own free will and accord," in the stock resignation blank, and gave it to Dr. Hinton.

COMMENCE MAKING MOTION PICTURE OF CITY THURSDAY

Automobile Parade Will be Held This Morning, Machines to Gather at Chamber of Commerce Headquarters.

A. C. Bushcott of the special exhibit department of the Advance Motion Picture company of Chicago began making the film of Jacksonville views Thursday and will complete the pictures today and Saturday.

Thursday views at the First and Second ward schools, Brown's Business college, the four churches at the corner of West State and Church streets and at the postoffice. The machine was taken to the fire department with the intention of taking a picture of the department making a run, but before the camera could be set an alarm was received and the men had to go to the fire.

A program has been prepared for today's views, the main feature being the automobile parade which will be held at 10 o'clock this morning. The plan is to have as many automobiles as possible gather at the Chamber of Commerce headquarters in time to start the parade at 10:30 o'clock, and the owners have been asked to have their machines decorated with pennants of Jacksonville and bunting.

Today's itinerary follows:

Morning—Nine o'clock, high school; 9:15, Fourth ward school; 9:30, Routt college; 9:45, Passavant hospital; 10:00, Woman's college; 10:30, automobile parade; 10:45, Illinois Steel Bridge company; 11, C. P. & St. L. car shops; 11:15, Jacksonville Packing company; 11:45, Illinois School for the Blind; 12, Capps' mill.

Afternoon—One o'clock, fire run; 1:30, Fourth ward school; 2, Illinois college; 2:30, School for the Blind; 3, Duncan park; residences, William J. Bryan, Gen. B. H. Grierson, Stephen A. Douglas, the Sanders residence on West State street, which was built by Porter Clay; Beecher hall at Illinois college, the Turner house opposite Whipple Academy and the Kirby residence opposite Duncan park.

The fire run will be made between Prairie and Caldwell streets on West North street and it is planned to make pictures of other places of interest Saturday. In case all of this program cannot be followed out, it will be completed Saturday.

THREE DIE WHEN THREE INCH GUN EXPLODES

Charleston, S. C., May 22.—Three men were killed and nine or more seriously injured tonight when the breech-block blew off a three inch gun at Fort Moultrie, across the bay from Charleston. Privates Baxter, Christensen and Dalton, of the coast artillery were killed; two of them being cut in two and dying instantly.

The men were at night practice when the tragedy occurred.

SENIORS HOLD BANQUET AT PEACOCK INN

Near Graduates of High School Enjoys Feast of Good Things toEat and Toasts—W. G. Bate Toastmaster.

An elaborate banquet was enjoyed by the sixty-eight members of the Senior class of the high school at the Peacock Inn Thursday evening at 7:30 o'clock. The tables were exquisitely decorated with roses and other flowers and each young lady was presented with a beautiful rose. An eight course dinner was served and during the meal and interspersing the toasts Hitte Bros. orchestra furnished some delightful music. Members of the faculty were guests of honor.

Following the banquet Prof. W. G. Bate was introduced as toastmaster and he filled the position in a most pleasing manner. The following were the toasts:

A. F. Cook—"Reflections."

W. A. Gore—"Naughty Senors."

Marie Thompson—"The Business End of the Senior Class."

Carter Crain—"One Year in J. H. S."

Anna Brown—"Possible Future of Seniors."

James Kolp—"Ups and Downs of a Class President."

W. G. Bate—"Farewell Address."

Others who were heard in short talks were Tom Hale, Myrtle Schell, Clayton Stewart and Miss Cafky. All the toasts breathed a spirit of loyality to the school and were sprinkled with enough wit to keep the company merry. Prof. W. G. Bate, who has so acceptably acted as class officer gave a farewell address. He not only severs his connection with the class but is also to leave the school. He thanked the students for their happy co-operation in all enterprises during the year and expressed his deep regret in leaving J. H. S. and his student friends. He wished them all a happy and successful life. All together the affair was one of the most elaborate ever held by a graduating class of the high school. The committee in charge consisted of William Allcott, Miss Irene Spears and Lloyd Reynolds.

DELEGATES TO CONVENTION.

Worthy President, Frank Correa, of Jacksonville Aerie No. 509 of the Order of Eagles and Worthy Treasurer McGinnis, were named as delegates recently to the state convention of the order to be held at Granite City June 17-19.

A feature of the convention will be a special trip to Alton by the entire body of the convention June 18. Springfield is expecting to send a large delegation, accompanied by a brass band.

HORSE THIRTY-SEVEN YEARS OLD

J. D. Smith of New Berlin has quite an old horse, the animal being 37 years of age. Mr. Smith has pensioned the horse, and although he is quite old, he is still very lively.

"BILLY" SUNDAY APOLOGIZES TO MME. SCHUMANN-HEINK

Well Known Evangelist Calls the Noted Singer "Cheap Skate" During Sermon and Retracts Both Publicly and Privately For Statement.

South Bend, Ind., May 22.—"Billy" Sunday, former baseball player, made a public apology to Madam Schumann-Heink, and lest that be insufficient also made a private apology, so now the well known singer and the evangelist are friends again.

The trouble was caused by Mr. Sunday's sermon on "Mothers," when he declared that "Melba, Calve, Eames and Schuman-Heink are cheap skates compared with mothers."

Singer Makes Reply.

This called forth the reply from Mme. Schumann-Heink.

"This evangelist, he calls himself, preaches religion, but did Christ hurt and malign people to exalt His reputation?"

She also called attention to the fact that she was the mother of eight children and had traveled 3,000 miles to be with them for a few hours.

The noted singer before the apology said:

"What am I; am I not a mother of eight children? Did I not nurse them myself. One Christmas I could not be with my children. I traveled 3,000 miles to be with them for a few hours. Am I not a mother Is there any call to class me as a cheap skate in comparison to mothers?

"What does he know of the message of music? I am preaching my message, too. It is the song here in my throat. I sing to prisoners, to school children. I go into jails, I grasp murderers by the hand, I leave my concerts and go to sing to dying criminals, the Rosary, Hellige Night, because they want to die with its strains in their ears.

Inspired By Children.

"This evangelist, as he calls himself, he preaches religion, but did Christ hurt and malign people to exalt His own reputation? He taught love. Never in all His ministry did He hurt anyone. He died that others might not be hurt. Never did He attack even his bitterest enemies.

"My children, they have been my inspiration.

"Why, I have been so poor I have actually been hungry. I go home, see my dear ones. Everything is all right. He flatters mothers and builds up his own fame. Let him go to his Bible for references. Has he not enough to talk about in the beauty of Mary, the mother of Christ, that he needs to hurt other mothers who are working for their dear ones?"

CANADIAN PACIFIC TRAIN IS WRECKED IN CALGARY.

Twenty Five are njured, One Fatally When Train Traveling Thirty Miles an Hour Jumps track.

Calgary, Alberta, May 22.—Twenty-five persons, fifteen of them Chinamen, were injured when the Imperial limited Express on the Canadian Pacific was wrecked at Mitford, forty miles west of here tonight.

A broken coupling between the locomotive and the tender is believed to have caused the wreck. The train was running thirty miles an hour when the tender left the track. The car filled with the Orientals left the rails and was precipitated down a steep embankment turning completely over. Another car carrying passengers was thrown from the tracks. Although several suffered serious injuries only one man was fatally hurt.

News of the wreck was received here when a special train carrying the injured arrived at midnight. All were placed in a hospital.

BOARD COMPLETES WORK.

Leavenworth, Kan., May 22.—The federal parole board tonight completed its consideration of the applications for paroles of 200 prisoners in the United States penitentiary here and adjourned. Chairman LaDow left for Washington tonight with the board's report.

TINKER BUYS NELSON.

Philadelphia, May 22.—Manager Tinker of the Cincinnati National League team purchased Pitcher Nelson from the Philadelphia National League team to day for $1,500 his waiver price.

DR. BRITTON ELECTED PRESIDENT OF STATE MEDICAL SOCIETY

Closing Sessions Held Thursday—Drs. Black and Cole Return From Meeting Thursday Evening.

Dr. Carl E. Black and Dr. C. E. Cole, representative of the Morgan County Medical Society, returned from Peoria Thursday where they have been attending the meeting of the Illinois State Medical Society.

The closing sessions of the meeting were held Thursday when the annual election of officers was held, Dr. A. L. Britton of Athens, being chosen as head of the organization. Dr. Britton, however, will not assume the duties of his office until after having been inducted into office at the 1914 convention. Dr. Charles J. Whalen of Chicago, president-elect, was made head of the organization when all of the officers were installed at Shrine temple Thursday afternoon at 5 o'clock.

Osteopathy and optometry bills now pending in the house at Springfield were dealt a severe blow by the society at the Thursday morning session and telegrams were sent to every member of the lower house, asking them to do all in their power to kill the pending bills.

The following officers were elected:

President—Dr. A. L. Britton, Athens.

First vice-president—Dr. Sumner Miller, Peoria.

Second vice-president—Dr. D. G. Smith, Elizabeth.

Secretary—Dr. E. T. Gilmore, Mt. Vernon.

Treasurer—Dr. A. J. Markley, Belvidere.

Committee on public policy—Dr. A. M. Harvey, Chicago, chairman; Dr. O. B. Edmundson, Clinton; Dr. Frank P. Norbury, Springfield; Dr. Charles H. Parks, Chicago.

RAYMOND VISITS DEAF.

Raymond, the magician, visited the State School for the Deaf yesterday where he gave an address before the students. He spoke principally upon his travels and of giving exhibitions before kings, emperors, dignitaries, and of the customs and habits of people far away. He also told them that he had learned eight languages and intended to learn one more, that of the deaf. Mr. Raymond visited the school through the invitation of Superintendent Gillett and it is needless to say that the student body thoroughly enjoyed his talk. Mr. Gillett acted as interpreter.

SELLS AUTO PATROL.

David Estaque has closed a contract for a Springfield police patrol. The patrol is made by the same company that made the Harder Fire Truck purchased by the Jacksonville fire department. Mr. Estaque is deserving of great credit for landing the sale in competition with, not only the Springfield dealers, but the automobile men of a number of towns.

MYERS BROTHERS.
